

LOGGERS ANXIOUS FOR MORE SNOW

Question Of Hauling Is One Which Perplexes The Lumbermen

The question of how to get their forest products to market this winter is rapidly assuming serious proportions to many loggers. Usually this country is blessed with a great plenty of snow, but so far this season the snowfall has been very light throughout the country. Only sufficient snow has fallen to make a thin crust on the main roads. There is not nearly enough for good sleighing but many loggers having lighter forest products such as bark, posts, bolts, etc., are taking advantage of what little snow there is to get these products in.

All varieties of timber command a ready market at good prices this year and a great quantity of timber is being cut. It will require a long hauling season to get it all in. With each day that passes without snow falling, the problem of marketing all forest products becomes more serious.

The present winter promises to be much like the winter of a few years ago, when snow failed to fall until very late in the season. There is a little more snow this year than there was then, but not nearly enough to get the timber out of the woods properly. A number of loggers in various parts of the country have already commenced icing their main roads in the woods, but to do this to all the roads would be a big expense.

WANT PRISON IN NOR. WISCONSIN

The establishment of a branch prison in this part of the state so that the labor of the prisoners may be utilized in building local roads and in doing other useful work for the northern section was urged in an address before the Wisconsin Superior Chamber of Commerce and was adopted.

It was stated that thousands of dollars are spent every year in sending the prisoners to Waupun from all parts of the county and that this cost would be greatly cut down if the prisoners could be confined locally. Using the prisoners in building roads would be a great help also stated.

The importance of calling the attention of the legislature to the establishment of another penitentiary in northern part of the state was brought out by the resolution. Instead of decreasing the demand for labor, the amount of available work would be greatly increased, in the opinion of the resolution, as it would take much more to take care of the increased road areas.

The author of the resolutions mentioned the fact that the use of prison labor in the building of roads is now under discussion in the Minnesota legislature. He also told of other places where the movement has been started.

WEDGE TO SPEAK

Wedge says: "Profession reformer not needed."

"I have come to the conclusion that the trouble with this reform business is we are working at the wrong end. We are always talking about changing the lives of the hot timers and taking the temptation out of their way. Did you ever stop to consider there would be very few that needed reforming if every father, mother, and minister did their share in teaching, guiding and helping the youth shape their ideals. As for me, from now on, I am going to spend more of my time in my boy's work. Sunday night the sermon in the Baptist church will be 'The Beginning of Things.'"

HANSEN'S POLAR EXPEDITION

At the Congregational church Sunday afternoon at 4:30 o'clock, a stereopticon lecture will be given. There are fifty slides showing Hansen's Polar Expedition. The lecture will be interesting. Everybody welcome. No admission charge. Everyone come and bring your friends. If time permits forty slides on legumes will be shown. At the morning service the pastor will use as a subject, 'The Wise Masterbuilder.' May all the members and friends be loyal to the church and attend these services. Bible School at ten a. m. and Young People's Meeting at 7 p. m. Walter C. Heyl, Minister.

SERVICES AT GERMAN LUTH.

Services will be regularly held as follows: Every three weeks from Jan. 21 and Jan. 28 at 10 a. m. Every three weeks from Feb. 4 at 7:30 p. m.

BARSTOW AT NEW HOTEL OPENING

E. O. Barstow, former secretary of the Rhinelander Advancement association and now holding a similar position with the Commercial Club of Manistique, Mich., was here this week in attendance at the Oneida Hotel banquet.

Mr. Barstow, while secretary here, was one of the chief boosters for the new hotel and he is entitled to no little credit for its realization. He and members of the Advancement association worked tirelessly on several hotel propositions before success finally attended their efforts.

"Although I am no longer a resident of Rhinelander I will never cease to take the greatest interest in the city and its future welfare," said Mr. Barstow. "The new hotel is a source of pride to me as well as to the new normal school. There are lots of good things in store for Rhinelander and I can see nothing but progress and prosperity for the city from now on."

As secretary of the Manistique commercial body Mr. Barstow is accomplishing big things for the business and industrial promotion of that city.

SWEDISH CHURCH HAS BIG GROWTH

Forty-Nine New Members Join Lutheran Congrega- tion During Year

(By Rev. S. J. Silfverstein)

This congregation has just ended a year of many marked activities, in fact its progress in every line of activity has surpassed that of any year. To the membership has been added forty-nine people. The Ladies' Aid society, which has held monthly meetings, has increased its membership and contributed largely to the running expenses of the church. Likewise the Luther League has increased its membership and contributed to the church and to missions. The Willing Workers, a society among the young girls of the church, has held monthly meetings when its members have been taught needlework. A Women's Home and Foreign Missionary society was organized to work for home and foreign missions and has already donated a liberal sum for those purposes. Under the leadership of our very efficient organist, Miss Frieda Johnson, a young ladies chorus has rendered many beautiful songs at our services and it is safe to say that we never had so much beautiful singing in the history of our church as at the present time. Through some lapse of memory of the reporter the beautiful selection rendered by this chorus at Mr. Fredrickson's funeral was not mentioned. The congregation also honored itself by raising the salary of its organist. Last year the pastor's salary was raised. The church has paid very liberally to synod and conference as well as for other outside purposes and also reduced its debt by a considerable amount.

Plans are being made to celebrate in some fitting way during this year, the 400th anniversary of the Lutheran Reformation. It is also planned during this year to pay off a substantial part of the debt which still rests on the church property. Services will be held during the year every Sunday except the last Sunday of every month, when the pastor makes visits to Conover. Everybody understanding the Swedish language is cordially invited to attend.

CAR REPAIRER IS KILLED BY TRAIN

George Griner, employed as car repairer for the Chicago & Northwestern Railway Company, was instantly killed Wednesday afternoon when he was struck by passenger train No. 117. The accident happened between Summit and Elcho. Mr. Griner had been doing some repair work on a car that was standing on the siding and had just come out from under the car as the passenger train was going past. As he came from under the car, not seeing the passenger, he stepped directly in front of it. His legs were badly broken and his skull fractured. He leaves a wife and three children.

The deceased was born at Hayden, July 11, 1878 and was at the time he was killed 38 years old. Mr. Griner came to Antigo fourteen years ago, and on June 11, 1907, he was married to Miss Lena Fink of this city. —Antigo News Item.

HOTEL ONEIDA OPENING IS BRILLIANT EVENT

The Oneida, Rhinelander's luxurious new hotel, erected by local capital at a cost of \$100,000, was formally opened to the public Monday evening with a banquet at which one hundred of the city's representative business and professional men and their ladies were in attendance. A large number of guests from outside the city were also present.

The occasion was without doubt one of the most brilliant and enjoyable in the history of Rhinelander, marking as it did a new epoch in the city's growth. For twenty years the people of Rhinelander have been demanding a new hotel and numerous projects have been commenced but for one reason or another have fallen through. Now that the undertaking is completed Rhinelander has a hotel which is not only a credit to a city of this size but one which is not surpassed by any hotel in the state, outside of Milwaukee. Monday night was certainly a time for great rejoicing.

The banquet and entertainment which followed comprised a most elaborate affair. The entertainment consisted of musical numbers and readings by exceptional talent, among whom were the Cottrell Sisters, Miss Susan K. Christoph, Miss Elizabeth Waters, Parnell Egan and Prof. Herman Francis. All numbers were of high merit and received generous applause. Dancing followed the entertainment and banquet.

Those present were: Mr. and Mrs. A. S. Pierce, Dr. and Mrs. C. A. Richards, Thomas Carleton Wood, Mr. and Mrs. R. J. LaSelle, Mr. and Mrs. D. F. Becker, M. H. Barton, Mr. and Mrs. R. F. Tompkins, Mr. and Mrs. C. F. Smith, Miss Helen Alban, Mr. and Mrs. E. A. Forbes, Mr. and Mrs. F. W. Meen, Mr. and Mrs. J. W. Kimber, Mr. and Mrs. T. J. Pattinson, Dr. and Mrs. Oscar Kolden, Dr. and Mrs. H. J. Westgate, Mr. G. Horn, Mr. B. Isackson, Mr. and Mrs. Robert L. Caldwell, Mr. and Mrs. P. O. Mezas, Mr. and Mrs. Jos. Wiesman, Miss Soucie Frankell, Mr. and Mrs. L. A. Craft, Mr. and Mrs. F. E. Parker, Senator W. T. Stevens, Mr. and Mrs. W. J. Dolan, Mr. and Mrs. J. A. O'Melia.

MAKING TIMES PROSPEROUS

(By Secretary L. B. Woodruff)

Prosperity to a considerable degree rests upon the whims of the business interests of the country and upon the people themselves. If they are optimistic and believe in prosperity and work faithfully to that end, prosperity will be with us, regardless of conditions in other parts of the country. We are a self supporting people and are not dependent upon the whims or exertions of others.

But if we become pessimistic, and constantly predict disaster and force ourselves to the belief that it is to come, then we are likely to get no more than that which we predict.

A few people through the constant use of their tongues can in

time instill into the minds of others the same atmosphere of gloom that pervades them, and this is spread to others, and yet others, until communities and states and whole nations suffer from the effect.

But prosperity can be made, if we want it. It will come, if we seek it. It will remain, if we nurse it.

We should talk prosperity, feel prosperity, and act prosperously. If we would have prosperity, for in no other way will we meet up with the favors of the gods.

It is up to you, to every citizen, to work for prosperity in this community, for it is an almost universal rule of man that we receive in proportion as we do.

NICK & URBANK NEW FIRM HERE

Adolph Urbank, son of Mr. and Mrs. August Urbank of this city, has engaged in partnership with J. Nick Jr., in the furniture and undertaking business at 103 S. Stevens street. The new firm will be known as Nick & Urbank.

With the forming of this partnership many improvements will be made in the store and a large amount will be expended in new stock. Mr. Nick departed Tuesday night for Chicago on a purchasing trip. Mr. Urbank, the new member of the concern, is a young man endowed with plenty of good sense and is a hustler. This is his first business venture and no one questions his ability to "make good."

It is scarcely necessary to introduce Mr. Nick. He has been numbered among the successful young business men of Rhinelander for several years and is also a member of Oneida county's official family, having been elected coroner last November.

The new firm embarks on its career with the well wishes of the public.

LOCAL BOXERS TO HOLD BIG SHOW

Amateur Athletic Association Plans Card Here For January 26

The first boxing tournament under the supervision of the Wisconsin State Boxing Commission will be pulled off at the Rhinelander Amateur Athletic Association Gymnasium, Friday eve, Jan. 26. The following athletes of Rhinelander will contest for boxing honors. There will be two judges who will give a decision and a referee who sees that the young men box according to the rules and regulations of the National Amateur Athletic Union.

Andy Danielson vs. Clarence Hubbard, Lawrence Dickey vs. Rueben Cain, Harvey Nolan vs. Carl Kongsling, Dewey Cain vs. Ambrose Barber, Joe Hack vs. Lee Bastian, Billie Murray vs. Young Leonard.

In addition to this splendid boxing card there will be put on between one of the boxing bouts a wrestling match, Bob Leloff vs. Joe Forsman. These young men wrestled to a draw the night of the opening of the Athletic tournament last fall and the three hundred men who saw that thrilling wrestling contest want to see this match decided.

Rhinelander boxers will be sent against the amateur boxers of the state this winter at the Amateur Athletic meet. There will be no admission fee charged. These are amateur bouts, the contestants are not prize fighters but they can beat a lot of boys that call themselves prize fighters. They are gentlemen boxers.

GRANGE TO INSTALL

Rhinelander Grange will hold installation of officers Friday evening, Jan. 19, at Woodmen hall. Lunch will be served and music furnished. A general good time is in store for all who attend. State Master A. L. King will be present and will act as installing officer. The following officers have been elected:

FUR PRICES ARE HIGH THIS YEAR

Matt Kristensen, Local Buyer Says Trappers Are Mak- ing Money

According to Matt Kristensen of this city, who is one of the largest fur buyers in northern Wisconsin, trapping fur-bearing animals is a most profitable occupation and many woodsmen are making "big money." Never before in the history of the fur business have such high prices been paid for pelts and never before have they been better.

The early arrival of cold weather this fall has made the pelts thick and heavy on all animals in this part of the country and the trappers are able to get bigger prices for every grade of furs, states Mr. Kristensen. With the exception of all grades of fox hides, which are becoming scarce in every part of the country, and on beavers, which are protected part of the season, the number of pelts which are being brought in exceed figures of recent years.

Mr. Kristensen says that fox hides and fishers are commanding the best prices. The cross fox pelt is commanding from \$16 to \$10, the red fox from \$10 to \$13, and the grey from \$1.75 to \$2.50. A fine dark fisher pelt is worth \$10, the average from \$20 to \$25 and the pale or coarse from \$14 to \$18. A lynx pelt is worth all the way from 50 cents to \$14; otter from 75 cents to \$20, and mink from 10 cents to \$5. The market on the latter pelts has fallen away perceptibly for the reason that mink is little worn by women this year. Skunk hides are being made up in a great many styles this year and they are bringing good prices, the latter ranging from 25 cents from the broad hide to \$5.50 for the black. The white weasel run in prices from 25 cents to \$1.00, while the muskrat pelt is worth from 8 to 65 cents.

A wild cat pelt that is well furred is commanding \$4; wolf pelts are being sold at from 25 cents to \$5, and the coyote is bringing from \$3.50 to \$7. A badger pelt is worth from 60 cents to \$3, while the pelts of tame cats are bringing from 5 to 60 cents.

CODY GETS CITY'S BIGGEST CROWD

Col. William F. Cody, known all over the civilized world as Buffalo Bill, whose death occurred in Denver a few days ago, made his first and only appearance in Rhinelander at the head of the wild west show which bore his name, on Thursday, August 9, 1900.

The largest gathering of people ever seen in this city, before or since, applauded the famous scout when he entered the arena. No circus which ever exhibited here, received anywhere near the patronage accorded Buffalo Bill's show. Over eight thousand persons were in attendance at the performance. Before the main entrance opened, the crowd, packed like the proverbial sardines, extended for several blocks from the show grounds. Only one performance was given. All roads led to Rhinelander on that occasion. Special trains on the Soo line and Northwestern carried show patrons from towns within a radius of fifty miles. Antigo sent a large delegation and there were hundreds of Indians here from the Lac du Flambeau reservation.

CHINESE PLAN NEW YEAR FUN

Yee York, his son Yee Jr. and two other yellow hued orientals who comprise Rhinelander's Chinese colony at 7 W. King street are patiently awaiting the arrival of the Chinese New Year, January 22, which they propose to celebrate in true Celestial style. Yee York several weeks ago sent an order to Los Angeles for a shipment of various Chinese goodies, including fish, nuts, fruit, which will form the main substance of the holiday feast.

According to the Chinese calendar, this day will make the first of the year 2163, starting from the birth of Confucius. A new Chinese calendar, based on the number of years the republic has been in existence, corresponds closely to the English calendar. It is the sixth year of the republic.

Mr. and Mrs. O. H. Flynn and little daughter, who were guests of Mr. and Mrs. W. F. Vaughn, have returned to Newberry, Mich.

ORDINANCES AMEND AND CONSOLIDATE THE ORDINANCES OF THE CITY OF RHINELANDER.

(Continued from last week)

Section 21. All repairs to or new work done in connection with the water works shall be done under the direction and supervision of the water department. Any firm, person, or persons who shall do work in connection with the water works between the main and the curb shall enter into a bond in the sum of five hundred (\$500.00) dollars with surety to be approved by the board of public works, to indemnify the city for all losses which it may sustain at its, his or their hands by reason of its, his or their failure to comply with such regulations or ordinances of the city or water department as may apply while the aforesaid repairs or new work are being done.

Anyone within twenty-four hours after having set up any pipes, water cocks or other fixtures, or having made any addition or alteration to any pipes, cocks or fixtures already set up, shall make a correct return to the superintendent of water works in writing, with a diagram descriptive of the work done, stating the ordinary as well as the special uses to which the water can be applied.

50 per cent additional will be charged where the city owns the meter. The minimum rate where the city owns the meter shall be \$7.50 per annum. Rates for sprinkling lawns, streets and sidewalks shall be seven cents per thousand gallons on all water used above the average quantity consumed by such premises between October 1st and May 1st. The regular meter rate shall apply as soon as a meter has been placed and connected with the service pipes. The regular flat rate shall apply pro rata for the preceding portion of the term.

Pursuant to notice a hearing was held at the office of the commission in the Capital, June 15, 1916. Thomas Morse, city attorney, and Carl Olson, city engineer and superintendent of water works, appeared in behalf of the applicant. No appearances were entered in opposition.

At present all the consumers except two railroad tanks and a passenger station are furnished service at flat rates. In addition to the usual objections to a flat rate schedule there is present in this case the further and more serious objection that the utility has failed to apply the schedule im-

partially.

It appears that the former superintendent of water works who was in office many years ignored this lawful schedule and made assessments for water service to suit himself and those consumers who profited by his actions. As the present lawful flat rates for additional fixtures, such as bath tubs, water closets, wash basins, etc., are proportionately too high when the cost of furnishing the service is considered, the utility desires the commission to prescribe an equitable flat rate schedule, which is to be used until meters are installed. The meter rate schedule also needs revision to make it conform more closely with the conditions of operation.

The present source of supply is the Wisconsin River and the water is not filtered or purified in any way. This condition cannot be allowed to exist if the water is to be used for drinking purposes, and it will therefore be necessary to provide for a new and safe source of supply or to purify the water from the present source. At the request of the mayor and council of Rhinelander a representative of the commission made a brief examination of the possibilities of securing a suitable supply of water and recommended that the city engage a competent water supply expert to determine the most feasible means of coping with the situation. As no definite steps toward improving the supply have as yet been taken, it will be necessary to base the new schedules upon existing conditions.

For the purpose of this case it was not deemed necessary for the commission to make a valuation of the plant as the city engineer, who is also made a detailed inventory which appears to be sufficiently accurate. This superintendent of the water works, inventory was made from a careful survey of the plant and an examination of the records showing the cost of materials, the cost of laying pipe, etc. Allowance was made for depreciation and, therefore, the plant value of \$125,000 shown by the inventory is the present value. The cost of metering the system will be in the neighborhood of \$8,600 and the city proposes to meter the consumers as rapidly as possible this amount has been taken into consideration in determining the new rates.

A summary of the income accounts for the past three years is shown in Table I.

From an examination of the above table it is noted that for the past two years no direct charge has been made to the city for fire protection and other municipal service, although appropriations were made from municipal funds to the plant, and that no provision has been made for depreciation. It is also to be noted that the surplus for the year ending June 30, 1915, is \$756.23 less than the amount appropriated from the municipal funds for that year. According to testimony adduced at the hearing, no part of the salaries of city officers who devote a part of their time to the operation of the plant is included in the operating expenses.

Owing to the fact that the plant has been operated almost exclusively upon a flat rate schedule there are no data showing the amount of water used by the various consumers or classes of consumers, and it has been necessary, therefore, to base the revised meter rate schedule largely upon data secured in cases involving plants which have operated for some time upon a metered basis and which are somewhat similar to the one in question.

At the hearing it was stated that there was a difference of opinion as to the basis upon which the return to the plan should be computed. With this condition in mind the commission prepared several sets of schedules based upon a return on the total physical value of the plant and varying with the amount to be paid by the city for fire protection if the city chose to pay (1) the full amount proportionate to fire protection, (2) one-half the amount, or (3) nothing. Through a representative of the commission these schedules were submitted and explained at a meeting of the common council and other interested citizens of Rhinelander. The re-

Vinol is a constitutional remedy for all weak, nervous and run-down conditions of men, women and children, and for chronic coughs, colics and bronchitis.

plant, it appears that the meter rate schedule set forth in the order when used in connection with the flat rate schedule for residences and other small users will produce revenue sufficient to cover the difference between the total operating expenses and the amount to be paid by the city for fire protection. The total revenue received from the residence consumers when they are placed on meter probably will not vary greatly from the total revenue to be paid under the new flat rates. The chief difference will be the variation as among the individual consumers as some will pay more and some less than under the flat rates. If after the plant has operated for some time under the new schedule it is found that adjustments are necessary we will then have reliable data on which to base a further revision.

As the city contemplates metering the system as rapidly as feasible no general order regarding meters will be made at this time.

IT IS THEREFORE ORDERED, that the city of Rhinelander as a water utility be and the same hereby is authorized to abandon its present rates and substitute therefore the following schedule of rates, deemed to be reasonable.

CHAPTER 10 REGULATION OF HEALTH

Section 1. No person shall keep or deposit or cause or permit to be kept or deposited upon or adjacent to any public road, street, alley, thoroughfare or other public place, or upon any lands or premises occupied by such person, or in any other private or public place in the city of Rhinelander, or in any stream or body of water within the limits of said city, or in the Wisconsin River above the dam constructed upon same in said city, or in said river within five miles above the city limits; any dead animal or part thereof, or any putrid, foul, unwholesome or offensive refuse or garbage of any kind. No person shall suffer or permit any foul smelling, deleterious or offensive water or other liquid to accumulate or become stagnant upon any lands or premises owned or occupied by him, or to flow therefrom over or through any public road, street, thoroughfare or other public or private place or property.

Section 2. Any person violating any of the provisions of the next preceding section shall, upon conviction thereof, be punished by a fine of not more than five dollars nor more than one hundred (\$100.00) Dollars or by imprisonment in the county jail not less than five days nor more than thirty days; and each day that such offense is continued after notice requiring abatement thereof has been given by the Mayor, Chief of Police, or Health Officer shall constitute a separate offense.

Section 3. All persons are hereby required, within forty-eight hours after being notified in writing so to do by the Health Officer, to clean up, bury, burn or otherwise remove or destroy any rubbish, manure, ashes, refuse or other matter or thing of a foul, putrid, unwholesome or offensive nature or character found by said health officer upon the premises owned or occupied by them in the city of Rhinelander, and upon failure so to do it shall be the duty of the Health Officer to cause same to be done and the owner as well as the occupant of such property shall be liable for the cost of same.

Section 4. No person shall establish, maintain or carry on within the limits of the city of Rhinelander any slaughter house; and any person who shall violate the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than five (\$5.00) Dollars nor more than Two Hundred (\$200.00) Dollars for each offense.

Section 5. Any and all persons doing a retail meat market business in the city of Rhinelander shall at all times and all seasons of the year keep the premises or place where such business is carried on in a clean and offensive condition, so that no smell or nauseous effluvia shall proceed or be emitted from such places. And no stinking, nauseous, filthy or offensive matters of any kind shall be allowed or permitted to remain in or upon such places of business. Any person who shall violate or fail to comply with any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than five dollars nor more than twenty-five dollars for each offense.

Section 6. It shall be unlawful for any butcher or other person to render any tallow or grease, excepting lard when fresh, in any building occupied as a butcher shop or meat market, or any shed connected with such building or market in the city of Rhinelander. Any person violating any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than one dollar nor more than ten dollars.

Section 7. Whatever is dangerous to human life or health, or whatever renders the soil or air, or the water, or any article of food or drink unwholesome or impure, is hereby declared to be a nuisance and illegal.

Any person who shall cause, create or maintain any such thing or condition, or who shall in any way aid or contribute to the causing, creation or maintenance thereof, shall be liable to the city of Rhinelander for all costs and expenses attendant upon the removal or abatement of such thing or condition, and shall also be subject to any specific penalty imposed by this chapter.

Section 8. It shall be the duty of every physician residing or practicing within the limits of the city of Rhinelander to make a report to the Health Officer of any case of small-pox, diphtheria, scarlet fever, typhoid fever, Asiatic cholera, measles, German measles, whooping cough, cerebro-spinal meningitis, infantile paralysis, or any other dangerous or contagious or infectious disease that he may be called upon to attend professionally in said city, and any physician who shall refuse or neglect to make a report as herein required within twenty-four hours of the time when he shall first visit and ascertain the character of any case of the disease such as herein mentioned shall, upon conviction thereof, be punished by a fine of not less than Five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars.

Section 9. In all cases where no physician is attending, it shall be the duty of any person having charge of or being responsible as the head of the family or household in the city of Rhinelander, to make a report to the health officer of any case of small-pox, diphtheria, scarlet fever, typhoid fever, Asiatic cholera or any other dangerous contagious or infectious disease that may appear in such family or household, within twenty-four hours after he shall know or shall have reason to suspect that such a disease exists, and any such person who shall fail to make such report of the existence of such disease or who shall refuse or neglect to obey any directions given by the health officer with regard thereto, shall, upon conviction thereof, be punished by a fine of not less than Five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars, or by imprisonment in Oneida county jail not less than ten days nor more than sixty days, or both.

Section 10. It shall be the duty of the health officer immediately upon receiving notice of the existence of a case of small pox, diphtheria, scarlet fever, typhoid fever, Asiatic cholera, measles, German measles, whooping cough, cerebro-spinal meningitis, infantile paralysis, or any other dangerous contagious disease, to take such measures as may be needful and proper for the restriction and suppression of such disease, to investigate all the circumstances attendant upon the occurrence of same and to make report thereof to the Mayor. And it shall be the duty of the health officer at the termination of any contagious disease herein mentioned to disinfect or cause the disinfection of the premises where in such disease shall have occurred. All doctors or undertakers who have been in attendance upon any patient or corpse, sick or dead from any contagious disease, shall properly disinfect themselves before attending any other patient or corpse and before entering any residence.

Section 11. Any person violating any of the provisions of the next preceding section shall, upon conviction thereof, be punished by a fine of not less than ten dollars nor more than fifty dollars.

Section 12. It shall be the duty of the health officer to cause a notice printed or written in large letters to be placed upon the outside of any house in the city of Rhinelander in which any person may be afflicted or sick with small pox, scarlet fever, diphtheria or other dangerous contagious disease, upon which shall be printed or written the name of such disease, and such notice shall remain upon such house until such disease shall have ceased to exist and such house shall have been thoroughly disinfected. And if any person shall deface, alter, mutilate, destroy or tear down such notice without permission of the health officer such person shall, upon conviction thereof, be punished by a fine of not less than five dollars nor more than Fifty (\$50.00) Dollars or may be imprisoned in the Oneida county jail not less than ten nor more than thirty days, or both.

Section 13. The occupants of any house upon which the notice mentioned in the next preceding section shall be placed or posted as aforesaid shall be held responsible for the removal of same, and if the same shall be removed without the permission of the health officer such occupants shall be subject to a fine of not less than one nor more than ten dollars, unless they, or one of them, shall notify the health officers within twenty-four hours after the removal of such notice.

Section 14. During the existence of any dangerous contagious disease which shall have been duly quarantined in any family or household in the city of Rhinelander, and until the premises where such disease existed shall have been disinfected, all members of such family or household included in said quarantine shall remain in and upon the premises so quarantined until permitted to depart therefrom by the health officer, and no person, except physicians and nurses regularly employed, shall, during the existence of such quarantine, enter or visit such premises. Any person violating any provision of this section shall, upon conviction thereof, be punished by a fine of not less than Five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars, or by imprisonment in the Oneida county jail not less than ten days nor more than thirty days.

Section 15. During the existence of any dangerous contagious disease in the city of Rhinelander, no person having charge of any church, school, public hall or room used for school or church purposes, or for any public assembly of any kind, shall allow or permit the same to be opened for church, school or any other purpose of public assembly after receiving notice from the health officer to close the same. Any person violating any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than Ten (\$10.00) Dollars nor more than One Hundred (\$100.00) Dollars.

Section 2. Any person violating any of the provisions of the next preceding section shall be subject to arrest by any public officer or any citizen without process, and upon arrest such person shall be taken and delivered into the hands of the parents, guardian or employer of such person, provided, that upon a second or subsequent arrest such offender shall be taken by such officer of person making the arrest before the court having jurisdiction of such offense, and upon conviction thereof, such offender shall be punished by a fine not exceeding ten dollars, or by imprisonment in the Oneida county jail not exceeding ten days.

Section 3. Every person who shall be found in a state of intoxication in any saloon, or in any street, thoroughfare or public place within the corporate limits of the city of Rhinelander, or who shall make use of any vulgar, indecent, obscene, loud, boisterous or insulting language, tending to excite a breach of peace, or who shall be engaged in fighting, or who shall make or assist in making any riot or shall aid or countenance any riot or disorderly assemblage therein, or who shall be guilty of any disorderly conduct whatsoever in the city of Rhinelander, shall upon conviction thereof, be punished by a fine of not less than one dollar nor more than one hundred dollars or by imprisonment in the Oneida county jail not less than five days nor more than thirty days.

Section 4. Every person who shall set up, use or keep for use, or permit to be used, within the city of Rhinelander, any gambling device of any character whatsoever adapted, devised or designed for the purpose of playing any game of chance for money or property, or shall induce, entice or permit any person to bet or play at or upon any such gambling device; and any person who shall suffer or permit any gambling device the use of which is hereby prohibited to be set up or used for the purpose of gambling in any house, building, shed, booth, lot or other premises within the limits of the city of Rhinelander, to him or her belonging, or by him or her occupied, or of which he or she has at the time possession or control; and every person who shall suffer any games whatever to be played for gain upon or by means of any gaming device or machine or any denomination whatever in his or her house, or in any out-house, booth, arbor or building within the limits of the city of Rhinelander, of which he or she has the care of possession, shall, upon conviction thereof, be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars, or may be imprisoned in the Oneida county jail not less than ten days nor more than three months.

Section 5. It shall be the duty of the Chief of Police whenever he shall be satisfied that any person within the limits of the city of Rhinelander is a common gambler, a common prostitute, a frequenter of houses of ill-fame, a fortune teller, beggar or person out of employment and having no visible means of support and being a suspicious character, to verbally notify such person to depart from the city of Rhinelander within six hours, and in case any person so notified

CHAPTER 12 GOVERNMENT AND ORDER

Section 1. All idle persons who, not having visible means to maintain themselves, live without employment; all persons wandering abroad and lodging in sheds, barns, outhouses or in the open air and not giving a good account of themselves; all common drunkards; all lewd; wanton or lascivious persons in speech or behavior; all gamblers, frequenters of houses of ill fame or assignation and all fortune tellers and beggars shall be and are hereby declared vagrants, and upon conviction thereof shall be punished by a fine of not less than one dollar nor more than one hundred dollars, or by imprisonment in the Oneida county jail not less than five days nor more than three months.

Section 2. It shall be the duty of the Chief of Police whenever he shall be satisfied that any person within the limits of the city of Rhinelander is a common gambler, a common prostitute, a frequenter of houses of ill-fame, a fortune teller, beggar or person out of employment and having no visible means of support and being a suspicious character, to verbally notify such person to depart from the city of Rhinelander within six hours, and in case any person so notified

Section 3. It shall be the duty of the health officer to cause a notice printed or written in large letters to be placed upon the outside of any house in the city of Rhinelander in which any person may be afflicted or sick with small pox, scarlet fever, diphtheria or other dangerous contagious disease, upon which shall be printed or written the name of such disease, and such notice shall remain upon such house until such disease shall have ceased to exist and such house shall have been thoroughly disinfected. And if any person shall deface, alter, mutilate, destroy or tear down such notice without permission of the health officer such person shall, upon conviction thereof, be punished by a fine of not less than five dollars nor more than Fifty (\$50.00) Dollars or may be imprisoned in the Oneida county jail not less than ten nor more than thirty days, or both.

Section 4. During the existence of any dangerous contagious disease which shall have been duly quarantined in any family or household in the city of Rhinelander, and until the premises where such disease existed shall have been disinfected, all members of such family or household included in said quarantine shall remain in and upon the premises so quarantined until permitted to depart therefrom by the health officer, and no person, except physicians and nurses regularly employed, shall, during the existence of such quarantine, enter or visit such premises. Any person violating any provision of this section shall, upon conviction thereof, be punished by a fine of not less than Five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars, or by imprisonment in the Oneida county jail not less than ten days nor more than thirty days.

Section 5. During the existence of any dangerous contagious disease in the city of Rhinelander, no person having charge of any church, school, public hall or room used for school or church purposes, or for any public assembly of any kind, shall allow or permit the same to be opened for church, school or any other purpose of public assembly after receiving notice from the health officer to close the same. Any person violating any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than Ten (\$10.00) Dollars nor more than One Hundred (\$100.00) Dollars.

CHAPTER II. CURFEW

Section 1. It shall be unlawful for any person under the age of sixteen

years to be at large upon the streets, sidewalks, alleys, parks or public grounds of the city of Rhinelander between the hours of eight o'clock in the evening and five o'clock in the morning during the months of November, December, January, February and March of each year; and between the hours of nine o'clock in the evening and four o'clock in the morning during the months of April, May, June, July, August, September and October of each year, unless accompanied by and in charge of some person of lawful age or unless upon some errand by permission or direction of the parents, guardian or employer of such person, in which case it shall be unlawful for such person to loiter by the way, make any undue noise or otherwise disturb the peace and quiet of the city.

Section 2. Any person violating any of the provisions of the next preceding section shall be subject to arrest by any public officer or any citizen without process, and upon arrest such person shall be taken and delivered into the hands of the parents, guardian or employer of such person, provided, that upon a second or subsequent arrest such offender shall be taken by such officer of person making the arrest before the court having jurisdiction of such offense, and upon conviction thereof, such offender shall be punished by a fine not exceeding ten dollars, or by imprisonment in the Oneida county jail not exceeding ten days.

You don't have to coax the children to eat plenty of N. B. C. Graham Crackers. These are not only rich in the nourishment that builds bone and muscle, but their tempting taste makes the little appetites hungry for more.

N. B. C. Graham Crackers added an individuality and nut-like flavor that other graham crackers lacked. This makes them an almost universally popular article of everyday diet.

THE GOOD JUDGE FINES THE OFFICERS KNOW QUALITY TOBACCO

YOU MARK MY WORDS—SEVERAL OF OUR MEN USE W-B CUT TOBACCO. THAT IS A TOBACCO GLUTTON AND WE DON'T WANT GLUTTONS ON THE FORCE.

YOU'RE RIGHT SURE! SEVERAL OF OUR MEN USE W-B BECAUSE IT'S RICH TOBACCO AND A SMALL CROW SATISFIES.

LEAVE IT TO THE POLICE OFFICERS TO FIND OUT ABOUT QUALITY TOBACCO.

YOU notice a fine regard for appearance among the officers from Roundsmen to Captain—that's one reason they are so keen for W-B CUT Chewing. The pass-word among these gentlemanly fellows is "If you won't take a little chew don't take any." No need to disfigure the face, when a nibble of rich tobacco gives more satisfaction than a wad of ordinary stuff—also less grinding and spitting. Take a tip from the officer on W-B.

Stevens Point people have just cause for rejoicing. The Soo line depot there, an old two story frame structure built forty years ago, was destroyed by fire Monday. The building was an eye sore and its destruction means that Stevens Point will at last get a modern depot.

Thomas W. Lawson has accused high officials in the democratic national administration of working with high financiers in the stock market in giving in advance knowledge of President Wilson's peace note which information made a considerable number richer and a corresponding number poorer. This charge should be investigated and, if true, the guilty officials should be punished.

Rear Admiral George Dewey, hero of Manila bay and by priority the ranking naval officer of the world died at his home in Washington, D. C. Wednesday afternoon. The famous admiral had been confined to his bed only a week. His sickness of a year ago weakened his whole system. Last Saturday as he was leaving home for the navy yard where as president of the naval board he had been an active worker for sixteen years, he collapsed. In 1898, Admiral Dewey sailed into Manila bay April 30, surprised the Spaniards and the following morning annihilated the Spanish squadron. Upon his triumphant return to America he was feted by the American people. He was born near Montpelier in Vermont December 26, 1831.

BONDS FOR GOOD ROADS
Baraga county, which has been the laggard of the upper peninsula counties in the matter of the building of good roads, has at last gotten into the game, as is evidenced by the fact that the voters of this county, authorized an issue of \$110,000 of bonds for road building at a special election held the first of the week.

This action means that there is to be expended in this county in the near future \$100,000 on approximately fifty-five miles of road, it is reported. The \$110,000 voted by the county will be matched by an equal expenditure by the state, and the appropriation by federal government for good roads aid will be drawn on, it is expected, for another \$220,000, or an amount equal to the combined state and county appropriation. It is the intention of the Baraga county road builders to build the road to connect Marquette and Houghton counties, putting it in as good shape as any road in the upper peninsula—Ironwood Times.

MONICO GIRL IS CUPID'S VICTIM

(Contributed)

One of the social events of the year was the wedding of Miss Edna Lagon to Frank DeGrandagnage of Green Bay. The marriage was solemnized at Rhinelander, Jan. 15 at half past eight in the morning, at the home of Father Klandyke. The attendants were Laura and Sam Lagon of Monico, and Rose Plaskota and S. Carroll of Rhinelander. Immediately after the ceremony, the bridal party attended low mass at St. Joseph's church. At half past nine a delicious breakfast was served at the priest's home.

The bride looked charming in a beautiful gown of white messaline and net. She wore a long white veil, in the fairy style and fastened with carnations. She carried a large shower bouquet of roses and carnations.

The groom wore a very becoming suit of black.

The bridesmaids wore yellow and lavender gowns and carried bouquets of carnations and ferns.

The bride is one of Monico's most popular young ladies, having lived here all her young life. Through her pleasant and pleasing ways she made a large circle of friends. She was very much accomplished in music, having studied music at the Wisconsin Conservatory at Milwaukee for several years. While being at Monico she has furnished music at many dancing parties.

The groom is a prominent young man of Green Bay, and until this last year he has made teaching his profession. He taught a number of years near Green Bay, and a year ago he taught a very successful term three miles east of Monico. Having a great desire to go farming he has given up teaching, and is now getting ready a little cottage about a quarter of a mile from town, where the newlyweds will commence housekeeping in a short time.

The bridal party arrived home from Rhinelander on the eleven o'clock train. A wedding dinner was served at the bride's home to the bridal party and relatives.

May they live a long and happy wedded life is the wish of their many friends.

Mrs. Sovering and baby, who have spent the past three weeks at the home of her parents, Mr. and Mrs. Houz, returned to their home in Winagar this week.

COUNTY BOARD APPROVES HIGHWAY BOND ISSUE

The Oneida County board met at the court house Tuesday afternoon. All members were present. The board closed its work this forenoon. At the opening of the board meeting Tuesday afternoon, Judge Charles F. Smith made an appeal in behalf of the county officers to have the court house decorated. This request was referred to a committee.

Wednesday morning the Audit and Bond Company made its report to the board on the condition of the finances of the different officers, which report was accepted and placed on file.

Wednesday afternoon reports were made by committees on general claims, on poor and pauper claims on sheriff and justices

claims which were passed. Then the report of the highway commissioner was made which was accepted and placed on file. A committee consisting of A. LeClaire, Frank Binkley, and Chris Michaelson was appointed by the chair to meet a committee from the Advancement Association, consisting of D. F. Recker, E. A. Forbes, and T. C. Wood to report on the roads to be built with the \$140,000 bond issue.

This report was accepted by the county board at its meeting this forenoon and a bond issue will be voted on at the April election. After allowing per diem and mileage for the members the county board adjourned to March 13, at 2 p. m.

CITY WELCOMES MR. WILKOWSKI

E. W. Wilkowski, the present manager of the new Hotel Oneida, is a young man of particular merit and pleasing personality. He comes to Rhinelander from the Palmer House at Fond du Lac where he worked his way up from a beginning as waiter to the position of manager of the hotel. He is well known and well liked among the traveling public and under his management the Oneida is assured of successful patronage.

The New North joins with the citizens of Rhinelander in giving Mr. Wilkowski a cordial welcome. May his residence here be permanent and prove very pleasant.

Making a Fetish of Education.
With all our expenditure of millions of dollars and the marshaling of a great host of teachers, we are not turning out any better citizens nor as self-reliant, self-helpful men today as we did 50 years ago. The changes in social and business customs have not helped along the child. The old order of American society may have been crude in the estimation of the educational cranks of today, but they made men who in turn laid the foundations of this great nation. Speaking of this great and undeniable fact a writer in Scribner's Magazine says: "It was the industrial training of children in the home and small shop that made children of the past generation reliable, industrious, physically strong and contributed much to their general intelligence. The school plus the home and the small shop educated the child. Today the small shop has been eliminated and the home has lost many of its former opportunities. Add to the above the farm, the school, the home, and we have an answer for the superior citizenship of the farming class. The education of work must not be eliminated.—Jefferson County Union.

Didn't Seem Reasonable.

Mrs. Wiseman was one of those women who always know. Whatever the subject under discussion, she had her own opinions, and made other people have them, too. "Joshua," said the to her husband one evening. "I saw in this morning's paper that old Mr. Bitter died on Saturday." "It was a mistake," mumbled Joshua as he bent down to unlace his shoes, "he died on Friday." "But the paper said Saturday," repeated Mrs. Wiseman firmly. "I know it did," persisted Joshua; "but it was an error in the print." "I thought that at first," said the lady decidedly, "but I got half a dozen copies of the paper, and it was the same in all of them. And they certainly couldn't have made the same mistake over and over again like that."

White of an Egg.

The white of an egg is made up of little cells filled with albumen. By heating the white these cells are ruptured and oxygen from the air is inhaled, which gives the white and light appearance of beaten eggs. The white of a stale egg will not imbibe as much oxygen, will not be as light and as easily digested as that of the fresh egg and is, of course, less valuable. The importance of beating the egg in cold, pure air is readily seen.—Exchange.

Too Small.

When the new baby came to Elizabeth's parents he was very tiny, weighing only two and a half pounds. It was Christmas time, and Elizabeth, three years old, asked her mother what Santa Claus was going to bring her for a present. "He's already brought my present—the baby," said her mother. "No, he didn't," disputed Elizabeth. "He's only a sample."

All the Druggist's Fault.

Bellada was beautiful—so beautiful! And for that same Beauty Brown married her.

It didn't take him long to discover that behind her beauty lay very little brain. She was an absolute duffer at cooking.

"Joseph, dear," she cooed one evening when he came home from business, "I have made you such a lovely rice pudding for your supper!"

"Thank you, dear!" replied Joseph meekly, hoping for the best.

"I was going to make some sponge cake, too," she went on, "but my plans were upset."

"Were they, dear?" asked Joseph, chattering up at his narrow escape. "What was the trouble?"

"It was all the druggist's fault!" she pouted. "He forgot to send the sponges. I ordered this morning!"

Remembering Names.

If you are introduced to a stranger and don't catch his name, just call him Brown, and he'll make the correction himself. Invariably he will reply, "not Brown—Smith is my name," unless it happens to be Jones, Zim, writes in Cartoons. Anyhow, the odds are in your favor that it's either Smith, Brown or Jones. It is decidedly embarrassing to have a fellow step up to you with outstretched paw, a broad grin, and the expectation that you will fall on his neck. You stare at him in bewilderment, and he says: "Don't know me, do you?" You say: "Yes, I don't." "Well, well," says he, "can't guess? Now guess hard!"—meanwhile gripping your hand so that you can't skip off. "All right," say you, "I believe it's Smith." "Nope," "Brown, then?" "Nope." "Oh, I know you, you rascal. You're Jones!" "There, I knew you hadn't forgotten me," he says, the gentle liar.

Mrs. Rupert Case and daughter, Miss Florence of Goodman, were guests at the home of Mr. and Mrs. C. Knapp and the Frank Fraker home this week.

REV. HEYL READS FINAL REPORT

Pastor of - Congregational Church Announces Retirement From Pulpit

Another year has become history. The part our church had in shaping this history and influencing human lives, for good, only eternity will reveal. It may be said at once that our work has been done only too poorly and we have nothing of which we can boast. If any human being has been helped by the influence of our church, we are all happy in the thought that good has been accomplished and the world made a little better. It is the duty of the church to make it easier to do right and harder to do wrong—to project into our environment the forces and influences that lift men and women, boys and girls to the plane of God, viz. the plane of rectitude and honor.

This report is only an outline of the main things the church has attempted to do during the year that is past. The presidents of the various organizations will report the details. I, first of all, thank most heartily all who assisted me in the work of the church. I appreciate deeply all you have done. Your personal aid, support and gifts have not been overlooked. Personally I have not accomplished all I hoped to do in Rhinelander. This is the sixteenth year of my ministry. Sixteen years ago next Sunday I delivered my first sermon. These have been years of joy together with much disappointment. The years have brought about a great change in my theological views and in my life work. Six years of close study together with heavy responsibility in the construction of four new church buildings and sixteen years of pastoral burdens have forced upon me the unwelcome decision to withdraw from the regular pastorate. I hope to continue to be an honorable and efficient member of the church of Christ. I also hope that the day will soon come when I will be able to administer at least part of my time to the needy people in this great northland, to such who do not have an opportunity to attend a church or who do not have an opportunity to attend a church who do not have religious instruction. There are thousands of such in northern Wisconsin.

During the past year it has been my privilege to receive into the fellowship of this church forty-five people 33 by confession of faith and 12 by letter. I hope to receive many more before my pastorate here closes. A new lot for a Community House has been bought and paid for, and it is my ardent hope that the campaign for funds to erect a fine new Community House will be launched within a year. It is one of my bitter disappointments that I did not see the completion of this work before I felt it necessary to sever my present relationship. This was one of the big things I had in mind to do when I came, but my way was blocked. I am not responsible for this and had I received the support I had a right to expect, this building would have been a reality by this time. But a good start has now been made toward this end as a community project and I will be greatly disappointed if the near future does not see its accomplishment.

FOR Colds and Headaches

FEW ailments are more annoying and distressing to you than colds and headaches. They destroy your capacity for work or pleasure and run down the health, the temper and the pocket-book. Drop in here for a few moments and we will provide you with a remedy. Do not let your mind become distracted by a slight ailment when a very small sum of money will overcome it. As for neuralgia, our medicine relieves this affliction.

F. E. KRETLOW THE NYAL STORE

In addition to the purchase of this \$2000 lot, the church building has been beautified by the placing of a most beautiful set of art glass windows at a cost of \$500. A new \$300 electric motor adds to the harmony of the music, and new appliances, and improvements in the kitchen at a cost of \$100 are among the improvements of the year. The boys have been made happy by the purchase of a "horse" which they have not fully succeeded in riding. The total money provided for these annual church improvements amounts to the sum of \$2000. One hundred and fifty dollars has been paid on the old church indebtedness. To all of the contributors I wish to extend my most hearty thanks! The work done by the Bible School under the leadership of Mrs. Wilde has been gratifying. The presence and help of the older people at the Bible School, especially the parents, would treble the power and efficiency of the school. The faithful work accomplished by the various organizations is complimentary. The most important work accomplished by the church in my judgment was that done by Mr. C. W. Brelle with the boys.

I have many things I should like to include in this report, but your patience I fear would be imposed upon. I will close this, my sixteenth, and perhaps, my last annual church report, by asking for your support during the remaining months of our relationship together. Let us make these months the best! I like the spirit, and as for me I shall go forth into the world, and into my new work with this sentiment. I refer to the lines of William Ernest Henley: "Out of the night that covers me, Black as the pit from pole to pole, I thank whatever gods may be For my unconquerable soul. In the fell clutch of circumstances I have not winced nor cried aloud! Under bludgeons of chance My head is bloody but unbowed. Beyond this place of wrath and tears Looms but the horror of the shade, And yet the menace of the years Finds me, and shall find me, unafraid. It matters not how straight the gate, How charged with punishments the scroll, I am the master of my fate, I am the captain of my soul." WALTER C. HEYL.

SUMMONS
State of Wisconsin, Oneida County, In Municipal Court: To George Karstadt:—

You are hereby notified that a warrant of attachment has been issued against you and your property attached to satisfy the demand of Dennis Paquette, amounting to Twenty-four 53-100 Dollars. Now, unless you shall appear before Charles F. Smith, the Municipal Judge in and for said county, at his office in said town on the 3rd day of February, A. D. 1917, at ten o'clock in the forenoon, judgment will be rendered against you and your property sold to pay the debt.

Dated this 11th day of January, 1917.

Flower of Ill Repute.
Those who have tried it declare that the petals of snowdrops, dried and crushed to powder, make a fragrant and exhilarating snuff. However, some who fill their pipes with all kinds of weeds as substitutes for tobacco, might not care to hand round a box filled with snowdrop snuff. In many rural parts of England the snowdrop is a flower of ill repute. It is unlucky to carry the first spray of the season into the house, and it is a barbarous act to offer snowdrops to any one of the opposite sex. Such a gift is supposed to imply a wish for the death of the recipient.

The Ladies Aid of the German Lutheran church will be entertained by Mrs. R. Horn at Mrs. Bettina's home 416 N. Brown St. on Thursday, Jan. 25.

Oscar Nelson has resigned his position with the Rhinelander Builders' Supply company and has entered the employ of the C. C. Collins Lumber company.

Herman Zander, owner of the Majestic theater, has returned from Chicago where he arranged for film features for the Majestic. As a result of his booking some big treats in screen productions are assured movie patrons here. While in Chicago Mr. Zander witnessed "Intolerance," Griffith's monster \$2,000,000 spectacle.

A. R. Bucknam, who is conducting the "dry" campaign in Rhinelander, departed Tuesday for Chicago where he will attend the national conference of prohibition forces. He will also be present at the big gathering of Wisconsin prohibitionists which will be held in Madison. William Jennings Bryan will address this meeting.

J. C. Teal has been appointed local representative of the American Surety Company of New York. The company has placed bonds with County Treasurer P. J. Cain, District Attorney A. J. O'Melia and Poor Commissioner J. H. O'Melia. The company has a cash capital of \$5,000,000 and is the largest in its line in the United States.

Phillip Van Loan, proprietor of a summer resort on Little Moose lake near Mercer, was in this city Friday and closed a deal with T. C. Wood, the Maxwell agent here, for a new model Maxwell truck which Mr. Van Loan will use for hauling baggage supplies from the railroad to his resort. For the last two years he has operated a Maxwell in conveying guests to Little Moose.

A. R. Bucknam addressed the W. C. T. U. last week and closed his talk with the following statement: "Don't be hard on the saloon men. Saloon men were demanded by society and men responded; they will respond to some other call. Remember the force of society was for the saloon, now it is changing. We have all been in the saloon business, saloon men are our servants and drunkards our product. What has brought this change? Suffrage education, business progress, movies, autos, war and progress."

MOVES SHOE SHOP

Peter Wang has moved his shoe repair shop from the Liebenstein store on N. Brown street to the building on River street just vacated by the Electric Shop. The new location affords Mr. Wang more room for his growing business.

GOES TO BRUCE,

Ray Slossen has resigned his position at the Hinman drug store and departed Tuesday for Bruce, Wis., where he has engaged in the drug business. Bruce is an enterprising, wide awake town, surrounded by a good farming country and Ray believes that he has made a wise move in locating there. His is the only pharmacy in the town.

Monday evening a number of Ray's friends honored him with an "Auld Lang Syne" smoker at which he was presented with a crockery loving cup. In a manner which caused tears among the company, Dr. J. T. Elliott, master of ceremonies, presented this parting token. It is said that the gift will form the center piece of Ray's first window display.

P. E. KABEL BUYS FAST YOUNG MARE

Bartel brothers have sold "Dolly B." to P. E. Kabel, Rhinelander, Wis., who intends to use the mare for driving and matinee purposes. When Bartel brothers sold "Dolly B." the Washington Park Driving club lost one of its most consistent matinee performers, as the mare has not missed a matinee in all this time. The last three years having won the trophy each year for winning the most number of heats. The mare was a contender in every class from the free-for-all pace down. Her record for the half mile was 1:08 1/4. Milwaukee Sentinel.

Mr. Kabel states that "Dolly B." has no mark and is eligible for any class in which one desires to place her. She is a young mare and has all the ear marks of a corner. It is Mr. Kabel's plan to campaign "Dolly B." next fall on tracks in the southern part of the state. The little mare is a beauty and is being much admired.

Miss Carrie Nitchke arrived Sunday from Clintonville where she went to attend the wedding of a relative. She visited at the home of her sister Mrs. Tom Nixon in Antigo on her way to Clintonville.

DOINGS OF WEEK IN HIGH SCHOOL

Students Now Receiving Daily Weather Reports By Wireless

Next week Thursday and Friday will occur the examinations for the first semester. It might be well for parents to see that their children are making some special preparations for these examinations. Pupils who have not been tardy, who have not been absent more than 4 half-days, and whose deportment has been marked A for the semester, will be exempt from examinations in any study in which their standing is 85 or better. The next semester will open January 29. At that time there will be some new classes organized. Pupils who have been out of school can reenter at this time. There will be a beginning class in Algebra so that any who desire to enter high school for the first time may do so.

Daily weather reports are received from Arlington and Madison by wireless, and are posted on the bulletin board. Edward LeClaire our special wireless operator, receives also many of the Associated Press dispatches. Several of the boys have become much interested in wireless telegraphy and more outfits are being installed about the city.

The classes in the evening school continue to grow. The enrollment for the whole school is about 110. The classes meet Monday and Thursday evenings at the High school building. The class in English for foreigners is becoming more popular. Anyone who is anxious to improve in the use of the English language is urged to join the class at once. There is no charge for tuition, and but a small charge for books. A deposit of two dollars is required upon entering the class. This money will be returned if the student attends three meetings out of four after he joins.

The jointer or small power planer recently ordered for the Manual Training department has been received and is being installed this week by Director Sorenson and the boys of his class. A variety saw and a power mortiser attachment has been ordered from the Fay and Egan Co. by the Industrial board. This will be a great addition to the Manual Training shop and we may confidently look for some much improved work in that department.

Wausau, Nov. 12.—Edward Somerfield was fined \$5 and costs in municipal court for refusing to permit his son, Edward, to attend the city industrial school.

The above clipping is to show people that the state is in earnest in the organization of a Continuation school. A recent decision of a court in Milwaukee sustains the compulsory part of the law. Every person in the city of Rhinelander who is either 14, 15, or 16 years old, and who is not already attending some other school is required by law to attend the Continuation school for at least four hours a week. While a number of the young people who belong to this class have attended the school quite regularly since the beginning, there are others who have not taken the matter seriously and who have attended only in an irregular manner. It is not at all the desire of the authorities to resort to legal means to compel the attendance of these young persons. They sincerely hope that all who are due to attend these schools can be induced to do so without the use of such measures.

The Butternut team, accompanied by their coach, E. J. Cannon, came to Rhinelander Saturday and met the local quintette in a game at the gym, resulting in a 57-3 victory for the home boys.

The game was too one-sided to be exciting, yet both sides displayed fighting spirit, and some movements were full of interest. The greatest apparent weakness of the visitors was that they played a too strongly defensive game, while the locals showed inaccuracy in basket shooting which needs remedying.

The Rhinelander boys participating in the game were White, Danielson, Sorenson, Whitaker, Usher, Westgate, Wilson and Aker.

The audience, in point of size, was very disappointing—the association were set back some \$15 on the game. A game with Crandon is scheduled to take place in the gym Friday night, Jan. 19, and it is hoped that a much larger crowd may be present. The two teams and their visitors will dance in the gym for an hour or so after the game.

A strong schedule has been arranged for the next few weeks, including the following games: Friday, Jan. 19—Crandon at Rhinelander.

Jan. 26—Ironwood at Rhinelander.

Feb. 2—Ladysmith at Rhinelander.

Feb. 9—Tomahawk at Rhinelander.

Feb. 17—Ironwood at Ironwood.

Feb. 23—Open.

March 2—Open.

March 9—Tomahawk at Tomahawk.

Dangerous Pastime

The practice of "catching bobs" indulged in by many children during the winter months is very dangerous and is prohibited within the limits of the city of Rhinelander. I hereby warn all children against participating in this hazardous pastime and will not hesitate to take strenuous action against all who persist in so doing.

By order of

Maurice Straub,
CHIEF OF POLICE

nished music successfully for several dances and are open to engagements on Friday and Saturday nights at moderate rates. They will play at the dance after the game Friday; this should prove an additional incentive to bring out a crowd.

Kirstin Stump Puller

One Man — Horse Power

Land clearing is not the time consuming, money consuming, back breaking, heart breaking, never ending job it once was, if you get a Kirstin to do the work.

The Kirstin Method guarantees a saving of 10% to 50% over any other method of land clearing. The Kirstin Method gets rid of your stumps after they are pulled. No stump is too big for the Kirstin Horse Power Puller. Its mighty strength is irresistible because of its triple power and other exclusive Kirstin features. It will clear more than two acres at one setting without strain to man, horse or machine. It has been a leader for 21 years.

One man without horses can pull the biggest stump, too, with the Kirstin One Man Stump Puller. A triple pull on the handle gives tons of pull on the stump. This enormous power is developed by use of double leverage. It gives an ordinary 10-year-old farm boy a giant's power.

Learn how Kirstin machines will get the gold from under your stumps. Let us prove that the Kirstin Method provides

Rhineland, Wis., Dec. 30, 1916.

To the Mayor and Common Coun-
cil:

Gentlemen:

The undersigned, the members
of the Police Force of the City of
Rhineland, in view of the greatly
increased cost of living, and of
the universal advance in wages
and compensation now being paid
to employees in all classes of work,
feel that we are justified in peti-
tioning your honorable body for
an increase in pay corresponding
with employees in all other lines of
work, and most respectfully ask
that the wages of the Chief of po-
lice be advanced \$15.00 per month,
and that of other members of the
force be advanced \$10.00 per
month.

Trusting that the petition will
be granted, and acted upon by you,
we remain, respectfully yours,
(Signed) Maurice Straub, W. J.
O'Brien, C. E. Shepard.

Moved by Ald. Danielson, second-
ed by Ald. Goldstrand that this mat-
ter be laid aside and to be taken
care of at the February meet-
ing.

Amendment offered by Ald. F.
Pecor, seconded by Ald. Fletcher
that the petition be granted. Am-
endment lost, the Aldermen vot-
ing as follows:

For amendment: Fletcher, Gilligan,
F. Pecor, N. Pecor and Skubal.

Moved by Ald. Danielson, second-
ed by Ald. N. Pecor that the report
be accepted and placed on file. Car-
ried, all voting aye.

The following resolution was
read:

Resolved, by the Mayor and
Common Council of the city of
Rhineland, That the Aldermen
appointed to revise, amend and
consolidate the ordinances of the
city of Rhineland, receive for
his compensation rendered, the sum
of two hundred and fifty (\$250.00)
dollars.

Moved by Ald. Danielson, second-
ed by Ald. Noble that the bill
be referred to a committee of three
and they to report back in writing
to the council at the regular meet-
ing.

Carried, all voting aye as the
roll was called.

For such committee the chair
appointed the following Aldermen:
Mr. Goldstrand, Mr. Gilligan and
Mr. Skubal.

Moved By Alderman. Goldstrand,
seconded by Ald. Strangstad, that
all street electric lights hereafter
ordered installed, be placed in the
middle of the streets overhanging
and not on any arms on the side
of the street, except on special per-
mission of the Board of Public
Works.

Upon motion, Council adjourned.

ROBERT ROBERTSON,

City Clerk.

MINOCQUA

(Minocqua Times)

Accompanied by his wife, Gen.
Mapes was taken to Green Bay
Saturday, where he underwent an
operation for appendicitis Sunday.
The operation left Mr. Mapes in a
very weak condition, and accord-
ing to reports received Wednes-
day, his condition is still very crit-
ical.

Latest, Thursday—word was re-
ceived from Green Bay that Mr.
Mapes has improved somewhat.

C. J. Chapman, of Madison, Wis.,
will give a Stereopticon lecture in
the grange hall at Hazelhurst Tues-
day night January 23. The lecture
will be held under the auspices of
Hixon Grange and is free and open
to the public. Everyone is invited.

Dr. Ed. Jenkinson departed for
Baltimore today, Thursday, where
he will enter the Jno. Hopkins Hos-
pital.

A seven and one half pound daugh-
ter, Helen Ester, arrived at the
home of Dr. and Mrs. J. P. Sprague,
Grinnell, Ia.

Ralph Minton, whose right eye
was severely injured Dec. 15, when
pieces of steel from a broken bolt
struck him in the face, returned
home Sunday from Wausau. His
many friends will be pleased to
learn that he is getting along very
nicely. The sight of the left eye is
not affected and there is a slight
hope of saving the sight of the
right eye.

The state of Montana is to have the honor of sending to the United States congress the first woman to hold that position. By a large majority, Miss Jeannette Rankin, a Republican, was elected a member of Congress. She won the nomination against seven men opponents by a 7,000 plurality. Miss Rankin was born on a Montana ranch and is a graduate of the University of Montana and the School of Philanthropy of New York City. When asked by newspaper reporters whether she expected to make speeches in congress, she is reported to have said: "Of course I'll make speeches. I've been making them for the last eight years for suffrage and prohibition. I am greatly interested in social welfare legislation."

Not only is Miss Rankin a white ribboner, but she was one of the foremost figures in the campaign to drive the liquor traffic from her native state. According to Capper's Weekly, in 1913 the liquor dealers' association announced it would spend one million dollars, if necessary, to defeat the prohibition amendment in Montana. Jeannette Rankin served notice on the association that she was going to every decent man in Montana and ask him for his vote for the amendment. The determined young woman proceeded to stump the state and had arrayed against her the consolidated strength of the liquor forces in the wettest state in the Union. But she had indomitable will, a pleasing personality, a ready ability in speaking, and more than a man's share of courage and determination.

The Popular Question

"That's the question that has been asked me a thousand times by correspondents from almost every spot on the globe," Mayor Fleming of Spokane, Washington, is reported to have said to a newspaper man who inquired how prohibition had affected the city of which he is chief executive. "My answer," said the mayor, "has been he same to all. The dry law since it went into effect has made the business of Spokane better."

Much is being said today on our unpreparedness to repel the attack of any foreign force that may possibly attack us. Has it occurred to you that a powerful foe has actually invaded this country and, according to the lowest estimate, is slaying 150,000 persons every year? 150,000 persons went down with the ill-fated Titanic, and this tragedy shocked the whole world. But as many persons lose their lives in the United States every eight days

through alcohol, and we have become so accustomed to the fact that the mere recital of it does not shock us. Moreover, these figures by no means express the facts regarding the frightful effects of drink in this country. Thousands of alcohol-poisoned men are every where mingling with others in the home and society and acting tragedies sadder than death. Some of them do not find their way into print.

This generation, which has seen the germs of many deadly diseases discovered and has witnessed the application of electricity to life in a thousand helpful ways, is not disposed to admit that any evil is necessary and submit tamely to its sway. The drink habit can be destroyed. The enemy is thoroughly entrenched behind the strong walls of delusion and custom, but he is slowly being routed from the field.

Whatever your talents or position, you have one man's responsibility in the fight, and this you cannot honorably shirk. Some are saying, "I am ready to cut out drink and vote dry whenever the opportunity to do so presents itself." That sounds pretty well; but a man of downright moral earnestness never talks that way. Warm water never yet turned the wheel of an engine; and lukewarm men are worth nothing when it comes to reforming society. In the fight against alcohol real soldiers of the common good are absolutely necessary. Join the ranks of the abstainers now and let your choice be known to others. Thus will your influence begin to count mightily on the right side of the proposition. You cannot be neutral. Your life is a force for or against nationwide freedom from the curse of alcohol. If you are a thoughtful man, you will not choose to be a minus quantity in the mighty warfare that is now being waged against the drink evil.—Efficiency.

Don't Know Own Names.

The case of the witness at Kingston police court who did not know the name of the thoroughfare wherein he lived could easily be paralleled any day in London's mean streets. More instances have been known where a wife did not know her husband's, and consequently her own name! In the easy-going fashion of the poor streets people are known by some short title such as Bill or Ginger. Very well, "Liza" from the pickle factory gets acquainted with a young man under such a name, and eventually marries the said Bill or Ginger without ever knowing his people's surname. Why, then, should these Bohemians trouble to learn the names of their own streets?—London Globe.

Industrial News Of The Northern Section

Rice Lake.—Supt. Ingram of the Rice Lake Lumber company, reports busy times in the woods. Eight camps are in operation, two big log haulers being used and a big cut is expected at the mill here this season. The first log train of the season was put on a week ago to haul for the Rice Lake Lumber Company.

Clintonville.—The Four Wheel Drive Auto Co. has installed as complete a photography department as you will find in any manufacturing concern in this section of the country. The photo department is under the immediate supervision of Mr. McLean, who is at the head of the advertising department and is no small feature in bringing out the qualities of the truck. The F. W. D. is now conducting a campaign of advertising that is bound to bring results and keep the factory booming, even if the war stops tomorrow.

Frederic.—Last year was a year of progress and prosperity for Frederic. Only the cold weather has caused the contractors to discontinue their work in putting up additional buildings. During the past summer a fine modern hospital was completed and opened up to the public. The beautiful Turner hotel is fast nearing completion. This hotel is as modern as any large city hotel and is large enough to accommodate all transients in search of a night of comfort. The William Ackmann building, a structure 85x150, is the third order that came into existence during the last year and is a credit to any community. Besides about eight fine new dwelling houses were erected during the past year and several old houses were remodeled.

Washburn.—The Kenfield-Lamoreaux Co., crating and heading factory in this city is running full blast now, employ-

ing about 115 men, and the saw mill of the same company is also running nearly all the time days, and within a short time will be running night and day, when the crew will be materially increased. Until within the last few days bolts have been coming in a little slow owing to the fact that there has not been snow enough to make good sleighing so that timber could be hauled to the railroad, but the heavy snow last night has solved that problem—from now on there will be a large supply arriving daily. The bolts are cut eight feet four inches long, and are cut from spruce, balsam and basswood obtained along the line of the Omaha near Spring Brook and Spooner, and from over the Northern Pacific between this city and Superior. Sewing machine crating forms a large part of the product of the factory and is shipped to all parts of the United States, and the company is rated the largest manufacturers of crating in the world. Plants are operated at this city, Cass Lake and Bemidji, Minn.

Park Falls.—Manager Guy Waldo states that 1916 was by far the best year in the history of the Flambeau Paper Co. The mill was operated to its full capacity, night and day throughout the year, but at that the demand for the local company's product has far exceeded the supply, and with paper prices touching unprecedented heights they were able to share a part of their profits with their employees, make big and costly improvements about their plant and still show a balance on the right side of the ledger. With the completion of their new dam and pulp mill at Pixley's Rapids early in the coming summer and other contemplated improvements in and about the plant the paper company will undoubtedly make an even better showing in 1917.

DR YVOTE SHOWS GREAT INCREASE

**People In Pelican and Starks
Also Favor Ousting The
Saloons**

(By A. R. Bucknam)

Organizer for the Dry Federation

The result of the straw ballot is as follows:

Total vote cast 863

Not voting 230

Dry 151

Wet 192

The above is the vote on local prohibition for city and county.

On national prohibition the vote stands:

Not voting 250

Dry 483

Wet 130

To submit the question of prohibition in the state the vote is:

Not voting 249

Yes 507

No 107

This closes the voting on the wet and dry question and it goes without saying the campaign is on and will continue till the April election.

We don't like local prohibition but we have to take it because the breweries of our state control our legislature and we can not at present get state wide prohibition. We are like the tramp, we would like a good meal, but if we would live we must take the hand out. We don't like to bother with little pigs but it is necessary if we are to have the big fat hams in the smoke house.

The twenty-six saloons in Rhinelander must receive from the people at least one hundred and thirty at least one hundred and thirty pay to the city thirteen thousand dollars.

Local prohibition is like a crust of bread with a plank for a bed in a warm room. Saloons are like no bread at all and a hay stack for a bed in January.

National prohibition means home with mother, with every thing that's good to eat, and a good bed, with mother tucking you in.

Rhinelander is the hub of our wheel and we want the spokes as long as possible. We intend to make them as long as Oneida county and then some. The town of Pelican is the first to respond to the call for a dry county. She did not have to be coaxed. She was waiting to be asked.

Complete prohibition of the liquor traffic will increase the total production of the United States about

seven billion dollars worth a year. No wonder the senate voted 32 to 55 in favor of prohibition. The voters are demanding their rights. The people are demanding better homes and more food, clothing, education and pleasure and are moving the liquor traffic off the earth to make it easier to get them. The camel is coming and Bryan may drive it to Washington. Who knows.

A. R. Bucknam reported that the farmers of the town of Pelican would vote dry regardless of Rhinelander, and that he found the sentiment almost unanimous for a dry town if Rhinelander voted dry. He also said, that William Olson chairman of the town, said that it would be an injustice to Rhinelander if she went dry and the town of Pelican continued to license saloons.

At Starks the vote was 20 to 4 in favor of the dries and in the town of Pelican it was 20 to 2. You can

FRANK L. ROGERS DIES IN OSAGE

Mr. and Mrs. E. H. Rogers returned Saturday from Osage, Iowa, where they were summoned by the death from pneumonia of Mr. Rogers' oldest brother, Frank L. Rogers. Deceased had frequently visited in Rhinelander in recent years and had a large number of friends here who will receive the news of his departure with keen regret. The following account of Mr. Rogers' death is taken from the Mitchell County Press, published in Osage:

Frank L. Rogers was born June 16, 1816, at Glens Falls, N. Y., and died at his home in Osage, Iowa, Jan. 8, 1917. When he was only a few months old, his parents moved to Wisconsin, near Madison. He came to Mitchell county when he was twenty years old and resided in the county till the time of his death. He was married to Miss Frances Orr July 14, 1874. To this union four children were born, only one of whom is living, Mrs. Frank Gardner, of Osage.

He leaves to mourn him, his wife and daughter and an only grandson, son of Mr. and Mrs. Frank Gardner, one brother at Riceville, and one brother and two sisters and his mother now 91 years of age in Wisconsin. There is only the one grandchild who has already been mentioned and he was as the very light of Brother Rogers' eye.

He united with the Methodist Episcopal church in the year of 1875 and continued a member all his life. By his faithful life and the nurture of the church he came to a beautiful Christian life. He was ready, as he often said when some one of his neighbors was suddenly called hence, "I am ready whenever the Good Father calls me." There is bliss, there is bliss, at the gions above.

They have opened the gates of the sky:

A spirit has soared to those mansions of love.

And seeks for admittance on high;

And friends long divided are hastening to greet.

In a land where no sorrow may come.

And the seraphs are eager a brother to meet.

And to welcome the child to its home.

There is bliss, there is bliss, at the foot of the throne.

See the spirit all purified bend,

And it beams with delight, since it gazes alone.

On the face of a father, a friend.

Then it joins in the anthems forever that rise.

And its frailty or folly forgiven,

It is dead to the earth, and new born to the skies.

And this is the portion of Heaven.

depend on the farmers they have a habit of voting dry every where.

The federation has adopted the national colors, red, white and blue. Red for a dry Oneida county, blue for a dry state and white for a dry nation.

NEWSY NOTES OF NEARBY TOWNS

Crandon—

Forest county Indians are said to be cursed with the peyote habit, a sort of "dry whiskey" which is fast killing off the Indians on the Uinta reservation near Salt Lake City, Utah. Peyote is a deadly drug, affecting both mind and body. It is the fruit of a brown button-like flower on a certain species of cactus. Although it is intensely bitter, the Indians chew the peyote button with apparent relish and drink a tea brewed from it. Some Indians powder the peyote, taking it in capsule form.

Ladysmith—

Postmaster Manning has this week received notification from Washington that the postoffice department is prepared to issue the order establishing delivery service in Ladysmith as soon as street signs are up and the houses are properly numbered. The city council has already ordered the street signs and they are expected soon. They will be of metal, blue in color, with lettering in white. They will be put up at all street intersections as soon as received.

Washburn—

William Nelson of New Richmond, Wis., was killed outright and Jack Boye of Queen City, Wis., and Harold Isaacson of Illinois, were injured in an accident which occurred at the plant of the DuPont company at Barksdale Tuesday. The accident occurred on the narrow gauge railway owned by the company. The gasoline engine was pushing a car upon which five or six persons were riding. As the car was crossing a switch there was a derailment and the car was dumped over, falling upon the three men. The others escaped by jumping.

Gladstone—

Plans are now being worked out for the holding of Gladstone's second annual dog derby. The promoters of last year's races have assumed the responsibility of the undertaking and nothing will be left undone to make the event one of the biggest and most successful to be held anywhere in the upper peninsula this winter. A meeting of the promoters will be held soon to arrange all details of the big event. Dog races were attempted in Gladstone for the first time last winter and while those who had charge of the affair were not familiar with the conducting of such an event, the races proved interesting and attracted a crowd estimated at 2,500.

Ashland—

After rescuing a doe fawn in a river near here and taming it so it would follow where ever she went, little Henrietta Brinkman, 5, was ordered to turn the doe over to state game wardens because the Wisconsin law prohibits keeping of deer in captivity, by private individuals. The doe is now on exhibit at the state game farm at Whitewater, Wis. Henrietta cried, but what difference did that make to the state law.

Clintonville—

The people of Bear Creek are much wrought up over the discovery of silver bearing ore at a depth of 123 feet. It was while drilling for a well on the Adam Schmitz farm, on land which was formerly owned by F. M. Hyde of this city, that the drillers run through a vein of mineral which was about fifteen feet deep. The essay on this mineral has at present been rather indefinite, but there must be something pretty good in sight, as Mr. Schmitz and the drillers are considerably encouraged over the prospects, so much so that a company has been organized and the vein will be followed long enough to find out if there is sufficient paying ore to warrant a systematic working of the claim.

FEATHER BEDS
The feather bed isn't fashionable any more. Once a highly respected and respectable furnishing of the bed chamber of well-to-do American families, its possession nowadays brings a blush of shame to the fair cheeks of the budding children of the family.

The pioneer days, the fireplace, and later the sitting room stove, didn't heat much more than a single room. The bedrooms were cold in spite of the fact that the windows were sealed shut from early fall to late spring. The housewife treasured the down and feathers of departed fowls and made them up into much appreciated bedding.

As we grew more prosperous and the furnace supplanted the highly ornamented base-burner, all of the rooms were comfortably heated. The feather bed then became vulgar—a symbol of departed days and primitive living conditions. For some years, we lolled about in over-heated rooms as happy as bears in their winter quarters. The strong hardy pioneers were succeeded by a generation which threatened to be, as non-resistant to disease as are caged menagerie animals in the zoological gardens. Then along came the doctors with the disturbing proof that people were dying earlier and in greater numbers than they should and that their luxuries were softening them. One of the proposed remedies and preventive measures was better ventilation with a return to resistance-building, cold, fresh out-door, winter air. Bedrooms became cold again at night.

The modern style of bedmaking, however, is better calculated for warm than for cold weather sleeping. Something has to give way. Either we shall have to secure warmer beds or return to warmed bedrooms. The former alternative is to be desired. By the way, why shouldn't people's bodies rest on feathers, if feathers are acceptable for pillows? If the perky daughter of the family approves of the down comforter, why should she be fearful that the neighbors may learn that an otherwise up-to-date home harbors a feather bed?

SANTEL AND LEWIS DRAW

San Francisco, Cal., Jan. 4.—Ad Santel, Pacific coast wrestling champion, and Stranger Lewis of Nekoosa, wrestled two and a half hours here to a draw, neither man securing a fall. The referee decided that the contestants broke even on points.

Santel gained a decided advantage during the first half. A realization that he was behind spurred Lewis to desperate efforts, and he succeeded in evening up the lead gained earlier by Santel.

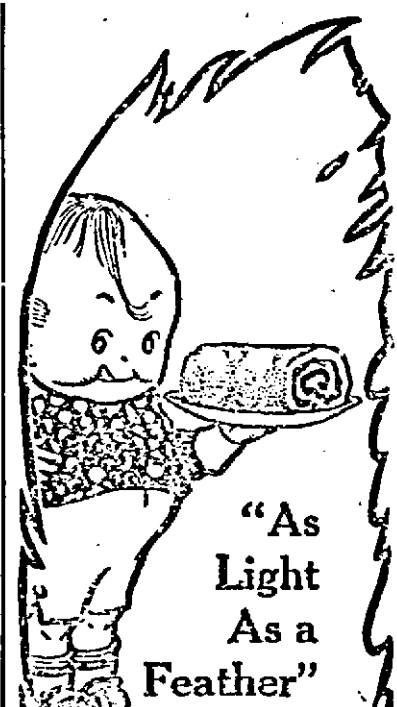

Lewis, who weighed 228 pounds, over-scaled Santel forty-three pounds.

A-SUBSCRIBER RESOLVES

The telephone subscriber, at the ending of the year, Took down his "phone receiver and put it to his ear. "Hello!" he said, "O Central Girl, connections do not break; I have some resolutions I am just about to make." "Hereafter, when I'm calling for a number I shall not Fly into bitter tantrums if the number can't be got. Hereafter, when you signal, 'Line is busy, call again.' I shall not be so foolish as to blame it to you then." "Hereafter when the telephone begins to ring full strong, I shall answer in a hurry, lest I keep you waiting long. Hereafter, when I make a call and am delayed a bit, I shall not flash like fury, or act as in a fit." "Hereafter, when I'm angry when the talking is not clear, I shall not yell profanely till I blister up your ear. Hereafter, when another on my party line is called, I shall not listen, either, till the line of talk is stalled." "Hereafter, O! hereafter, Central Girl, I'll try to be Just as mild and calm and pleasant as you always are to me." By X.

CHAPTER 13 RELATING TO INTOXICATING LIQUORS AND SALOONS

Section 1. No person shall deal in, sell or deliver for money or other valuable thing, or give away, within the limits of the city of Rhinelander, any spirituous, vinous, malt, or intoxicating liquors without first having been licensed thereto as hereinafter provided. Any person who shall be convicted of violating any provision of this section shall be punished by a fine of not less than ten dollars nor more than forty dollars for each offense.

Section 2. Every license for the sale of intoxicating liquors shall be granted by the vote of a majority of the members of the common council. It shall be signed by the mayor and city clerk, sealed with the corporate seal of the city, shall specify the place where the business of selling and dealing in such liquors is to be carried on, and the term during which said license is to run. No such license shall be assignable or in use to the benefit of any person other than the one to whom the same may be issued.

Section 3. No license shall be granted until the person applying therefor shall have paid the whole

money chargeable therefore by cash, certificate of deposit, certified check, post-office or express money orders, bank drafts, in to the city treasury and shall have produced and filed with the city clerk the treasurer's receipt therefor, together with a good and sufficient bond in the penal sum or sums and conditioned and executed as provided by the statutes of this state. And in no case shall the amount required for any such license being granted or required for a part of the license year only, but in each and every such instance the full license fee shall be charged and collected without regard to the length of time such license is to be in force.

Section 4. No such license shall be granted in the city of Rhinelander except in the following blocks: blocks four, nine, fourteen, twenty, twenty-one, twenty-four, twenty-five, and twenty-six of the Original Plat, and block two of the First Addition to the city of Rhinelander.

Section 5. It shall be unlawful for any person having a license to sell intoxicating liquors within the city of Rhinelander, or any person in his employ, to sell or give away any intoxicating liquors on any election day, or to open or cause or permit to be opened any saloon or place owned or controlled by him where such liquors are sold for the purpose of selling or giving away the same, at any time between the hours of 12 o'clock midnight each night and 5:30 on the following morning. During the hours when the sale of intoxicating liquors is forbidden by this section the proprietor of every saloon or bar-room in the city of Rhinelander shall cause the front windows and front glass doors of his saloon or bar-room to be left unobscured and shall arrange all blinds, screens, and provide a sufficient light so a full view of the interior and of the bar may be had from the street.

Section 6. Any person violating any of the provisions of the next preceding section shall, upon conviction thereof, be punished by a fine of not less than One (\$1.00) nor more than fifty (\$50) Dollars for each offense.

Section 7. No person licensed to sell intoxicating liquors in the city of Rhinelander, nor any person acting for him or in his employ, shall at any time permit any gambling for money or other thing of value upon his premises, or permit any drunkenness, quarreling, fighting or other disturbance upon his premises, or sell or give away any intoxicating liquor to any minor, intoxicated person or persons bordering upon intoxication, or harbor any prostitute upon his premises. Any person violating any provision of this section shall, upon conviction thereof, be punished by a fine of not less than five (\$5.00) Dollars nor more than Fifty (\$50.00) Dollars.

Section 8. No person keeping a saloon or tavern and having license to sell intoxicating liquors within the city of Rhinelander shall permit or allow any public or private dance to be given or to place on the same floor of the premises owned or controlled by him and that is anyway connected with the premises wherein he is licensed to sell intoxicating liquors. Any person violating any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than one dollar nor more than twenty dollars.

Section 9. No brewer or beer agent shall sell or deliver any beer or intoxicating liquor of any kind, either at wholesale or retail, to any person in the city of Rhinelander between the hours of twelve o'clock on Saturday night of each week and five o'clock on the succeeding Monday morning. Any person violating any of the provisions of this section shall, upon conviction thereof, be punished by a fine of not less than five dollars nor more than ten dollars.

Section 10. Where the offense is that of selling liquor to a minor eighteen years of age or under, the guilty person shall be punished by a fine of not less than Twenty-five (\$25.00) Dollars; nor more than Two-hundred (\$200.00) Dollars; and in the default of the payment of the fine imposed to be committed to the county jail of Oneida county for a term of not less than Five (5) days nor more than Nine (9) months; and in all cases of conviction for a second or subsequent offense, by such imprisonment only. And the keeper of any saloon shall be deemed and held responsible for any violations of the provisions of this section committed by his servant, employee or agent.

Section 11. It shall be unlawful for any person to sell, deal or traffic in strong, spirituous, vinous, malt, ardent, or intoxicating liquors, at wholesale, in the city of Rhinelander, without first having obtained a license therefor from the common council of said city, which said license shall permit its holder, in person or by an agent, to sell, deal or traffic in such liquors as a manufacturer or dealer only, no part of which said liquor shall be sold for consumption upon the premises of the license. Any person or the agent of any person, violating the provisions of this section shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than fifty (\$50.00) Dollars, nor more than One Hundred (\$100.00) Dollars, together with the costs of prosecution; and in default of payment of the fine imposed, with costs, to be committed to the county jail of Oneida county for a term of not less than three months, nor more than six months. And in case of any subsequent conviction of the same person during any year, for said offense, the punishment shall be by both such fine and imprisonment. The sum required to be paid for a wholesaler's license shall be at all times the same as required for retailers, and application therefor shall be made in writing, signed by the applicant, and shall designate the location of the building from which such liquor shall be sold, and shall state that the license applied for is a wholesaler's license.

CHAPTER 14 RELATING TO THE LICENSING OF SHOWS, CONCERTS, PAWN SHOPS, STREET VENDORS, ETC.

Section 1. It shall be unlawful for any person or persons to do or carry on the business of any pawn shop or to exhibit to the public view any animal or animals, wax or other figures, paintings, feats of circus riding, rope or wire walking, dancing, sleight of hand performance, circus, menagerie, or any theatrical or musical entertainment, or any sparring exhibition, or any show or exhibition whatsoever, or any game of chance, trick or device with rings, canes, knives, picture racks or other articles within the city of Rhinelander, without first having obtained a license therefor as provided in this chapter.

Section 2. The license fee and the amount to be paid therefor under this chapter is hereby fixed and established as follows: For exhibiting a circus or menagerie not less than fifty nor more than one hundred dollars for each day, and the sum of Five (\$5.00) Dollars for each show, exhibition or performance attendant or traveling with a circus or menagerie to which a separate admission fee is charged or may be required; for all other shows and exhibitions such as exhibitions of animals, wax or other figures, painting, feats of circus riding, rope or wire walking, dancing, sparring exhibitions, theatrical or musical entertainments, and for all exhibitions, shows, performances and amusements not herein enumerated not less than three nor more than twenty-five (\$25.00) Dollars for each day; for the carrying on, conducting or maintaining of any game of chance, trick, device or scheme with rings, knives, canes, picture racks, dolls, balls, or with any other article or thing whether herein enumerated or not a sum not less than One (\$1.00) Dollar nor more than Five (\$5.00) Dollars for each day. The amount to be charged for the license in all the cases aforesaid to be fixed within said limits, by the mayor in his discretion. The license fee for regularly established theatres and opera houses shall be Ten (\$10) Dollars per year, to be paid in advance on the first day of July in each year, and all entertainments except sparring and boxing exhibitions, when given in a theatre or opera house so licensed shall be exempt from the license fee specified in this section.

Section 3. The words "musical entertainment" and "show or exhibition" mentioned in the chapter shall be so construed as to include and mean any singing, music, dancing or any exhibition of any kind or nature tending to attract or draw the attention of the public, and maintained, exhibited or carried on in any public place or saloon, whether or not any price is demanded for admission to such place.

Section 4. No person shall place or erect any carriage, stand, booth, stall or any device of any nature on any sidewalk, street, alley or public or private grounds in the city of Rhinelander for the purpose of selling or exposing for sale, barter or exchange any goods, notions toys, canes, knives, patent or other medicines, or any article or thing whatsoever, whether the same be sold or offered for sale in the regular course of trade, or by crying the same aloud, or by permitting bystanders or other persons to try, compete for or earn the same by some feat of skill, trick or chance, without first obtaining a license therefor from said city. Such license shall specify the location where such carriage, stand, booth, stall or other device shall be placed or erected or where such business shall be carried on, and may be granted or refused by the mayor in his discretion. The fee for such license shall be not less than One (\$1.00) Dollar nor more than Twenty-five (\$25.00) Dollars for each day, as fixed by the mayor in his discretion. Nothing in this chapter contained shall be construed as prohibiting farmers, produce raisers or fishermen from selling their own produce or fish from store or from house to house without a license, so long as they do not stop or cry the same for sale aloud in the streets or public places in said city, or do not erect stands or booths for the sale of the same in any street, alley or public place in said city.

Section 5. No street musician or person with a hand organ or other musical instrument, shall play upon the streets, alleys, avenues or public grounds of the city of Rhinelander without first having obtained a license therefor. The fee for such license shall be not less than Two (\$2.00) Dollars nor more than Ten (\$10.00) Dollars per day, in the discretion of the mayor. Nothing herein contained shall be so construed as to prohibit, without a license, the playing of brass or martial bands in the streets or public places of said city, provided such band shall have first procured a permit from the mayor granting them such privilege.

Section 6. All applications for licenses shall be made to the mayor. Whenever the mayor shall grant a license in pursuance of this chapter he shall give to the person or persons applying for such license a certificate signed by him specifying the amount to be paid for such license, which certificate shall be delivered to the city treasurer, and the city treasurer is hereby prohibited from receiving any money for such license from any person who does not present and surrender to him such certificate from the mayor.

Section 7. Each license issued under the provisions of this chapter shall be signed by the mayor, countersigned by the city clerk and sealed with the corporate seal of the city and licenses issued in pursuance thereof shall not be assignable to the benefit of any person other than to the person to whom such license was originally issued. And no such license shall be issued until the applicant shall have paid to the city treasurer the license fee as provided in this chapter, and any license issued without such payment shall be absolutely void. Every license granted shall specify the amount paid, the period of duration of the same and the purpose for which granted, and shall be of no validity after such time or for any other purposes than that therein stated.

Section 8. Every person having procured a license as provided in this chapter shall exhibit the same to the Chief of Police or any policeman of said city whenever requested, and it shall be the duty of the Chief of Police to cause all persons required by this chapter to have a license to exhibit the same to him, and to make complaint against all persons violating any of the provisions of this chapter.

Section 9. It shall be the duty of the city clerk to keep a record of all licenses granted under the provisions of this chapter, wherein shall be stated the number of the license, to whom

issued, the date thereof and the time for which the same is to run.

Section 10. Lectures, entertainments of scientific, historical, literary or musical character, and concerts, exhibitions or fairs given by the citizens of the city of Rhinelander or under their management or control, for humane, religious, charitable or scientific purposes shall be exempt from the provisions of this chapter.

Section 11. Any person violating any of the provisions of this chapter shall, upon conviction thereof, be punished by a fine of not less than One (\$1.00) Dollar nor more than One Hundred (\$100.00) Dollars.

CHAPTER 15 RELATING TO POUNDS

Section 1. It shall be unlawful for the owner of any cattle, horses, mules, swine, sheep, goats or other animals to permit such animals to run at large within the limits of the city of Rhinelander. Herein any such animals or tying the same so as to permit the grazing on any street or other public place shall be deemed a running at large within the meaning of this section. Any owner or owners of any such animals who shall permit the same to run at large contrary to the provisions of this section shall forfeit and pay a penalty of not less than one nor more than ten dollars for each animal so permitted to run at large, together with the impounding fees and cost of sustenance for such animal or animals when impounded as hereinafter provided. It shall be the duty of every pound-master and policeman in said city to take up and impound any such animal or animals known to be running at large.

Section 2. The council may, by resolution establish as many pounds when so established are hereby declared public pounds. Until such time as pounds may be provided as aforesaid the pound-master shall provide a pound and the same shall be in charge of a pound-master appointed by the mayor, by and with the consent of the council, at the first meeting of the council in May of each year, or as soon thereafter as may be. Each pound-master shall care for and maintain the pound under his charge and during the stay of any animal in such pound shall feed, water and properly care for same.

Section 3. For the impounding and caring for animals impounded under the provisions of this chapter the following fees shall be allowed: To any person taking up and impounding any animal mentioned in section one of this chapter, twenty-five cents per head; to the pound master for receiving and discharging any such animal, twenty-five cents per head; and to the pound-master for feeding and keeping any such animal impounded, fifty cents per day for each head.

Section 4. At any time before the sale of any animal or animals impounded the owner or owners may redeem the same by paying to the pound-master the lowest penalty prescribed in action one of this chapter, together with the impounding fee and cost of sustenance and the fees prescribed in the next preceding section. Every pound-master receiving any penalty under the provisions of this section shall immediately pay the same to the city treasurer, and in case of his failure so to do shall, upon conviction thereof, be punished by a fine not less than Five (\$5.00) Dollars nor more than Twenty-Five (\$25.00) Dollars.

Section 5. When any animal or animals shall be impounded as aforesaid it shall be the duty of the pound-master where the same may be impounded forthwith to make complaint against the owner or owners of such animal or animals, if known, and thereupon a warrant shall be issued and upon the return thereof executed, or the defendant having appeared, it shall be the duty of the court to inquire whether the defendant has been guilty of a violation of any of the provisions of section one of this chapter, and if the defendant be found guilty judgment shall be rendered against him for the penalty, impounding fee and cost of sustenance as herein provided, together with the cost of suit, and an order shall be entered that the animal or animals shall be sold to satisfy said judgment in case the same shall not be paid forthwith. In case such fine and costs are not paid as above provided, then the sheriff, chief of police, or any constable of

the county shall sell such animal or animals upon the same notice and in the same manner as is required by law in case of a constable's sale on execution.

Section 6. When the proceeds of the sale of any animal or animals shall exceed the amount of the judgment and costs and the expense of sustenance which shall have accrued subsequent to the rendition of the judgment, such excess shall be paid into the city treasury. The owner or owners of such animal or animals shall be entitled to an order on the city treasurer for such excess upon presenting to the common council satisfactory evidence of his or their right thereto.

Section 7. Any person who shall wilfully prevent or obstruct the taking to the pound of any animal found at large in any street, highway, or alley, or upon public ground within the limits of the city of Rhinelander, or shall take any animal out of any pound in said city without the consent of the person in charge of such pound, or shall knowingly impound or attempt to impound any animal not legally liable to impoundment, shall upon conviction thereof, be punished by a fine of not less than five dollars nor more than twenty-five dollars.

Section 8. The officers issuing and serving writs, warrants, notices and other legal papers under the provisions of this chapter (where no fees is allowed by statute,) shall be entitled to the same fees and commissions as are allowed by the statutes of this state for corresponding services in cases of attachment before justices of the peace.

Section 9. Nothing in this chapter contained shall be so construed as to prevent the enforcement of the fine mentioned in the first section of this chapter, whether the animals permitted to be at large shall have been impounded or not.

CHAPTER 16 RELATING TO DOGS

Section 1. Every person residing in the city and owning or having in his or her possession, any dog or any specimen of the canine species, shall hereafter pay into the city treasury annually the sum of One (\$1.00) Dollar for each and every dog, and Two (\$2.00) Dollars for each and every slut. Upon presentation of the treasurer's receipt acknowledging the payment of the above sum, for the purpose mentioned, the city clerk shall issue to such person a license to keep such dog or slut, which license shall not be issued for a less period than one year, to commence on the fifteenth day of July in each year, and such person shall upon procuring the license aforesaid put upon the neck of such dog or slut a collar with a tag, such tag to be furnished him or her by the city clerk.

Section 2. No person residing in the city, or owning or having in his or her possession any dog or slut, shall suffer the same to run at large in the streets, alleys or public grounds of this city, between the 15th day of June and the 15th day of September in each year without causing it to be firmly and securely muzzled.

Section 3. Every person who shall own or have in his or her possession in this city any unlicensed dog or slut, or shall neglect to place upon the neck of his or her dog or slut a collar and tag as required by section one of this ordinance, or who shall suffer his or her dog or slut to run at large unmuzzled upon the streets, alleys, or public grounds of the city during the period specified requiring the same, in section two, shall be liable to a penalty of not less than one dollar nor more than five dollars for each and every such offense.

Section 4. The marshal or police officers of this city are hereby authorized and empowered to kill and destroy in a summary manner, by any means all dogs or sluts not licensed whenever and wherever the same may be found within the city, and in like manner to kill and destroy all dogs or sluts whether licensed or unlicensed found running at large in the streets, alleys, or public grounds in this city between the 15th day of June and the 15th day of September in each year without being securely muzzled as herein before provided.

Section 5. All ordinance, resolution or any part thereof conflicting with the provisions of this ordinance are hereby repealed.

Section 6. This ordinance shall take effect and be in force from and after its passage and publication.

THE LIVE WIRE JEWELER

TO MAKE INEXPENSIVE SPRAY

Efficient Solution Made at Home by Use of Soap, Water, Kerosene and Carbolic Acid.

The following spray can easily be made at home and is both inexpensive and efficient: Dissolve a pound of strong hard soap or soap powder in a gallon of boiling water; remove from the fire and add immediately a gallon of kerosene and a pint of crude carbolic acid; churn and agitate the solution till the ingredients are well mixed.

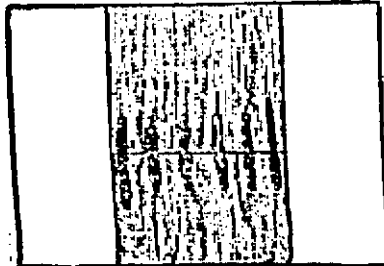

Add ten gallons of water to the above to make a stock solution and just before using mix this stock solution with an equal quantity of water.

EMERGENCY WIRE BELT-LACE

Simple Idea Illustrated Showing Method of Using Picture-Cord for Lacing Belt.

The farmer of this day and age uses more or less machinery that is operated by a gas engine or other power, and he has naturally become more or less of a machinist. The following simple idea has saved much time for those who have made use of it:

When a belt-lacing has worn out and none is at hand, instead of the ineffectual growling usually given way to,

Wire Belt-Lacing.

go in and ask the wife to give you a ball of wire picture-cord (she will generally have this hidden away) and go out and lace up the belt. The wire cord is very strong, and makes an excellent lacing.

STUDY THE MARKET DEMANDS

Breeder Should Strive to Produce Only Best Animals and Meet Needs of the Consumer.

(By S. T. SIMPSON.) We must study the market demands carefully and select good sires of the types that will enable us to meet them. If we find that the butcher or packer likes an animal of extreme beef type because that animal yields a high percentage of the high-priced cuts, the sires must be selected accordingly. If we find that the horse buyer takes the big, drafty, sound horse in preference to the chunk when his order calls for horses for heavy work, we must secure sires that will get colts of that type. If we ship or sell to a market which demands bacon hogs, then the boar should be the best obtainable individual of a bacon breed which is in good demand in that market.

In any case we must strive to produce only the best animals and to be sure that they are uniformly good and that there are among them no misfits or inferior specimens which do not meet the consumers' needs.

Mexico's Bastille.

The Alhondiga de Grandaditas (prison) in Guanajuato is one of the most historic buildings in the Mexican republic. It is the place where the first blow was struck for the liberation of Mexico from Spanish rule. Quadrangular in shape, with a central patio, a row of small Moorish windows near the top, the lower floor Tuscan, the upper Doric, the building has no architectural beauty. At each corner is a large hook, from which, in the days of the struggle for independence were hung four iron cages containing the heads of the great liberators—the patriot priest, Hidalgo, his military chief, Allende, and his comrades Aldama and Jimenez. Here they hung for years until removed by a worshipping nation to the altar of kings in the cathedral of the City of Mexico. After the first ringing of the bell of Mexican independence, Hidalgo and his followers moved on to Guanajuato, stormed the improvised fort of Alhondiga and killed all the Spanish troops that had taken refuge there. This was the beginning of the 11 years' war of independence.

FEEDING LAMBS FOR PROFIT

As Much Difference in Quality of Animals for Feeding as There is in Any Other Stock.

Too many lamb feeders are satisfied with anything just so it is a lamb. Too many persons get the lamb-feeding fever because some neighbor fed lambs last winter and made big money doing so. There is just as much difference in the quality of lambs for feeding as there is in cattle or any other variety of stock. It is best to secure the aid of some sheep expert to assist in the buying of lambs, as a lot of lambs well bought are almost sure to be money-makers.

The fleece counts for something in the profit, especially if lambs are held and shorn. There is a difference in lambs in taking on flesh; there is a difference in the type and general appearance of sheep, of lambs, or live stock in all departments of breeding and feeding, and this difference counts for or against the animals in their sale as breeders or feeders. It is usually money made to buy the best lambs to start on; they bring best results in the end.

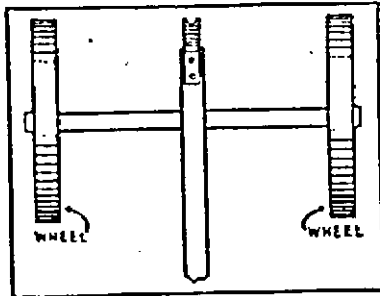

Wife to Husband.

"Why don't you put your mind on it and get a good cook?" demanded Jones, impatiently, of his wife. "Well," replied Mrs. Jones sweetly, "I guess it is because I don't know how. I never seemed to have a faculty for selecting people to live with."

EXCELLENT AS POST PULLER

Device Constructed of Two Wheels Taken From Old Machinery—Axle Made of Heavy Bar.

Here is a good post puller, should you have any posts to pull this winter, says a writer in The Farmer. The wheels are about 20 inches high and were taken from a piece of old machinery. The axle is a heavy bar, to

which is bolted a ten-foot post for a tongue and lever. A narrow iron plate, turned up at end and notched as shown, is bolted to upper side of the short end of tongue. Twist a wire, or loop a chain around post to be pulled, get a bold hold under it with the prow on the end of tongue, and bear down on other end.

THREE LAKES DEPARTMENT

Theo. Budney was in Eagle River on Saturday.

The Worden Brothers have gone to State Line where they have a contract to manufacture ties.

Mrs. D. E. Lamon spent part of last week at Antigo visiting friends and having some dental work done.

David Maggo of Clearwater Lake was a Three Lakes visitor last Thursday; he was accompanied by W. C. Ridgeway.

Mr. and Mrs. W. Anderson were Rhinelander visitors Friday and Saturday. Mr. Anderson is a member of the County School Commission.

Joe. Hardinger, one of our swamp land farmers, has gone back to Chicago to work for the balance of the winter. He will return in spring and expects to build a green house.

John Enzler has gone to Chicago to put in the balance of the winter; he expects to return as soon as spring opens up and improve his swamp farm.

John Berg is busy logging this winter. He has taken a contract with a Wausau concern and his camp is located five miles northwest of Eagle River.

Woelfter & Himley have sold several lots joining the Chicago resort property. The new purchaser will build summer homes next spring.

F. S. Campbell is in the western part of Wisconsin telling the farmers how to raise potatoes at a profit. He holds a state position at \$5 per day and expenses.

The "Assessor" is getting "his" these days. The greatest trouble seems to be that the farmer is really richer than he thought he was and he doesn't seem to like it.

Wm. Helmuth, who resides five miles southwest of Three Lakes is busy putting in logs this winter. His logs are being landed on the Robbins narrow gauge track west of the Helmuth place.

Louis Kathrm has gone to Chicago to follow his professional trade (carpenter) for the balance of the winter. He will return in spring and possibly will build a house on his swamp farm northeast of the village.

The southern people ought to be convinced that this isn't such a bad country after all. This is Jan. 16, and we can truthfully say that we haven't enough snow here for sleighing and that our auto owners have been using their autos every day thus far this winter.

Edward Stanzel and Dell Brewster, the ice men of Three Lakes are busy these days getting out the best crystal blocks ever harvested at Three Lakes. The ice is now 22 inches in thickness and as clear as a mirror—not the slightest part of snow ice being attached to the blocks.

Alfred Fransen, one of our local shoemakers, who has been busy at the bench for some years decided on a short vacation; he accompanied a car load of potatoes to Chicago consigned to Peter Fox & Sons; Mr. Fransen's duty being to keep the spuds from taking cold or cold chills. The cold snap made it a busy vacation for Mr. Fransen.

G. A. Kloes, administrator of the Emiel-Kloes estate, was at Rhinelander on Saturday. Mrs. Emiel Kloes came up from Milwaukee to be present at Rhinelander at the final disposition of the property. The debts were taken care of, the administrator discharged and the residue of the estate turned over to Mrs. Kloes. Mrs. Kloes will spend the balance of the winter at Chicago.

According to the number of freight trains passing through Three Lakes of late, we judge the Watersmeet branch is the best investment the C. & N. W. Ry. has. Most of the logs going south are loaded by Superintendent M. H. Thompson of the Bonifas Lumber Co., located at Bonifas, Mich. The logs go to the Oshkosh saw mills.

(Omitted From Last Week) Wm. Corey, the Wilson Mch. Co.'s representative, booked orders here on Friday.

Dr. Thorpe was down from Eagle River on professional business on Thursday.

Frank and James Kennedy have taken a logging job and the chips,

are already beginning to fly.

Miss Milawitz, who spent her holiday vacation with her relatives at Ashland, arrived here on Saturday.

Jennie Slowe, one of our village teachers, accompanied by her sister Gertrude, came over from Wabeno on Saturday.

Edward Epler has been called to Indiana to resume his run as fireman on one of the railroads running out of Ft. Wayne.

M. Pope of Madison, is here and is arranging to take charge of all of the Kuney-Parette Lumber Company's interest for the balance of the winter. We understand that Mr. and Mrs. Kuney will go south for the balance of the winter months.

Dr. Meyer of Eagle River came down with his tin Lizzie on Saturday in response to a hurry call. Doc. says the roads are fine now.

Miss Elva Bennett and Ella Bersdorf who spent the past two weeks visiting the different cities in Central Wisconsin, have returned home.

The Treble Clef Club, who entertained our citizens at the Woodman hall last Wednesday, Jan. 3, under the auspices of the Three Lakes Advancement Association, was a decided success. The program consisted of songs, quartettes and readings. Those in charge were:

Miss Peggy Palmer, 1st Sop.
Miss Annie Palmer, 2nd Sop.
Miss Ethel Mae Wright, 1st Alto.
Miss Jessie R. Taylor, Contralto.
The hall was well filled and the entertainment enjoyed by all.

Now is the time for Three Lakes to get busy and petition and convince the Superintendent of the Chicago & Northwestern Ry. Co. that the traffic landing platform at Three Lakes is inadequate; that the improvement necessary could be accomplished with very little expense. The company owns a very desirable piece of land on the north side of Superior street, being that portion which the lumber shed formerly occupied; this would make an ideal little park and it is up to us to convince Mr. Superintendent that it would be a great benefit to the public to remove the present park to the above location; this done will give the increasing auto traffic a chance to land their guests up to the platform. It certainly was a shame and lack of management in treating some of the tourists the way they were treated last season. There being room for only two or three autos to land at the platform, and when the early train arrived, bringing 40 to 60 people, most of these had to hustle through the wet grass and very often through mud to get them to an auto; this was very distasteful to the many ladies—and created a very ill feeling in the hearts of men who felt that this portion of their reception ought to be improved. No doubt the superintendent is not aware of the situation and as we know him personally, and know him to be a man of push and energy he would not hesitate a minute to make the necessary improvement if it were put up to him—and our citizens should lose no time in bringing this matter to his attention at once. The removal of the present park would also be a great improvement for our business men in delivering and removing their freight. At present they have only a fifteen foot space to load and all the freight must be hauled the entire length of the platform to this particular loading space—at which place there are generally five to ten people waiting to load up freight or trunks which is a great loss of time and inconvenience to many. Whereas, if the park were removed, all would have ample space to back in load up and go again. Now is the time to act. Let us put the matter up to the superintendent and include also that piece of side walk which lies along the present park, which is a nuisance and the most dangerous piece of walk in Three Lakes. If this piece of walk belongs to the Ry. Co., they ought to replace it with a new one and if it belongs to the village, our citizens should make provisions to replace the present walk with a cement walk just as soon as the weather will permit.

A representative of Leslie's Magazine, solicited orders at Three Lakes last Thursday.

If you haven't paid your taxes yet, you had better begin to think about it. If not paid by Feb. 1st, an additional 2% penalty will be attached.

A report has reached here to the effect that Adolph Hoffman of Three Lakes met with another misfortune by having a leg crushed at a logging camp at Conover.

We are pleased to note that our old friend and townsman Dan Turk who has been troubled with sore eyes and threatened with blindness for several years, is on the road to recovery.

Miss Edris Donnelly who is teaching school ten miles north of Eagle River, came home on Wednesday and brought along a bad cold, which keeps mother busy these days breaking up.

According to the daily papers Rex Wunderlich has heaped up a bunch of troubles for himself again. The government has him in its clutches now on a case where a 14-year-old Indian girl and whiskey are involved.

Mr. and Mrs. W. A. Beach have taken charge of the Kuney & Parette Lumber Co.'s camp which is located near Stella Junction. Mr. Beach is the foreman and Mrs. Beach is looking after the cooking department.

The name "American House" is no more, the new proprietors, Anderson & Korzilius have changed the name of the hotel, which hereafter will be known as the "Three Lakes Hotel". They will give the traveling public a neat clean stopping place and a homelike place.

We are pleased to note that H. Aldrich, who by all appearance had a narrow escape from freezing to death several days ago has fully recovered. He left his home soon after breakfast about 9 o'clock and when he reached Neus store he was about "all in." He was unable to talk, which was serious for Harry, but after proper attention and the furnace cure, he fully recovered without any ill effects.

COMET OF 1916

The comet called "Comet B. 1916", is now attracting considerable attention. It is speeding toward the earth at the rate of one million miles a day; though it does not create any alarm when it is known that it is still 300,000,000 miles away from the earth.

It cannot be seen yet as it is now on the other side of the sun, but from now on until May conditions will become increasingly favorable. In a few months it will become visible to the naked eye in certain parts of the earth. As it nears the sun it will become brighter and it is predicted will have a tail of enormous length.
